

## Year 3 homework

Please hand in Wednesday 13<sup>th</sup> May.

This week we have been focusing on connectives in our story writing. The children in year 3 have been practising using connectives to start sentences and to connect two ideas together.

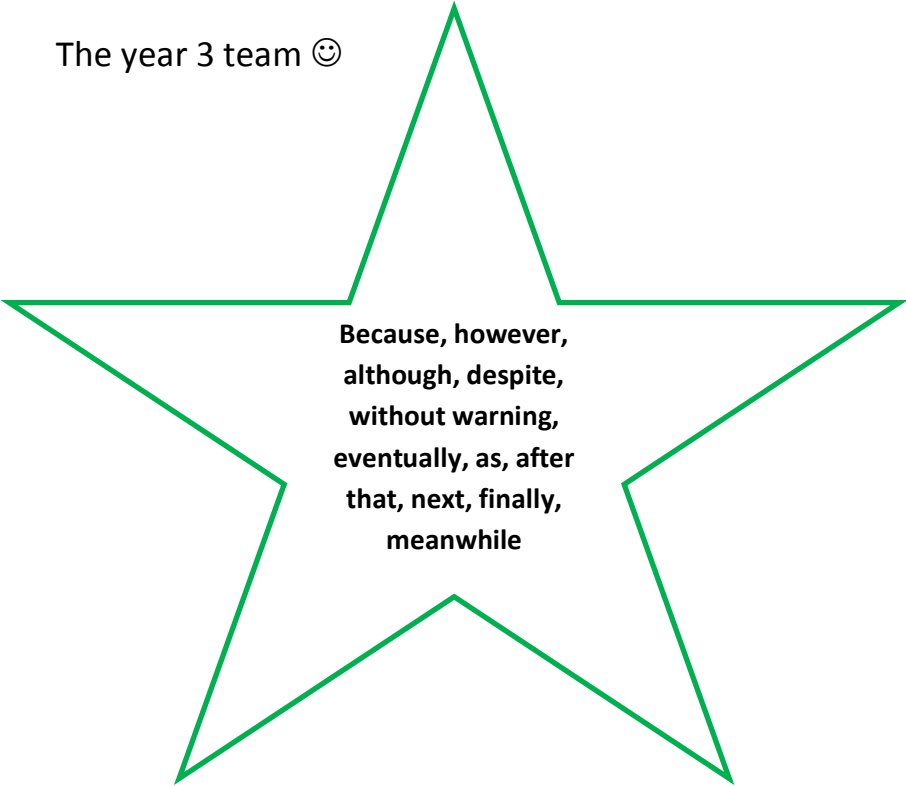

Can you write a paragraph to re-tell a day in your weekend? Focus on using connectives and time connectives to link different activities together. Each child is aware of the connectives they have been working on. Try to make your writing interesting and exciting. Describe the place and the people in detail.

We are looking forward to reading all about you're weekend.

The year 3 team ☺
