All heads of school teach. They are unable to return calls within the hour. Please allow 2 days for a response.

Your child is taught by a team of teachers according to their needs. This is so we can personalise your child's learning journey. They may be taught in different spaces according to the outcomes we need to achieve. We know this works for all children. A teaching team has time for admin once every two weeks to return calls. So please always come to the front desk to make an appointment. They want to find solutions with you.
