Year 9

Organising and structuring your Distance Learning

Our new Distance Learning Timetable

Distance Learning Timetable

Year 9

The new Distance Learning timetable for Year 9 will ensure that learners have a variety of lessons/tasks to engage with, set by staff on different days. We hope that this will enable our learners to manage their workload more effectively.

We have built our new Distance Learning Timetable around pupils' option choices, therefore, from the first week after half term, pupils will have been added to new 'Option Classes' on Google Classroom and will only complete work for the subjects they have chosen to study in Year 10 along with the core subjects.

The next slide contains a recommended pupil friendly timetable to follow over the week.

Work will be posted on the following days only:

Monday	English Maths Science (including Double Award and Separate Science)
Tuesday	<u>Option A</u> Performing Arts/Art/Business Studies/Geography/History /ICT/Catering Welsh
Wednesday	<u>No new work set</u> – follow recommended pupil timetable and continue working on English, Maths and Science
Thursday	Welsh Bac/RE <u>Option B</u> Computer Science/Geography/ICT/R.S./BTEC Sport/GCSE PE/Spanish/ASDAN/French <u>Option C</u> Business Studies/Child Development/Art/History/Sociology/Product Design/R.S./Construction/Music
Friday	<u>No new work set</u> – follow recommended pupil timetable and continue working on English, Maths, Science and complete work for all subjects.

Suggested Pupil Distance Learning Timetable

Year 9

Mindful Monday Task

- Read over the new Distance Learning Timetable 1) The days the work will be posted on Google Classroom and 2) the suggested timetable you should follow each day.
 - Print out, copy out or create your own copy of the suggested timetable.
 - Think about creating a work space at home that will enable you to work to the best of your ability.
-
