5th June 2020

Dear parents and carers,

Updates including your child's annual report 2019 / 2020

You will be receiving your child's annual report today.

As you can imagine the report writing process has been very different this year. I expect it will be the report which is talked about for years to come, the year when you as parents did a lot of the teaching!

So, well done for all you have done at home; the technology glitches, the Joe Wicks work outs, the days spent inside trying to explain to your children what is happening in the world, the constant meal making, tidying up and of course trying to keep up with what is happening at school.

We have all had to get used to quick changes; none of us had heard of Padlett or Zoom a year ago and now it's part of our everyday chat. The staff here have been amazing. We have stayed open every day since lockdown for Key Worker children. Bank holidays, school holidays and normal term time have merged into one. We have worked so well as a team alongside our long-time friends The Winch who have delivered after school care since the start.

We began our next phase of reopening to Years Reception 1 and 6 on Tuesday this week and it has been smooth. There are new rules in place and the school feels safe.

As soon as we hear about the next phase we will let you know.

In the meantime please continue to access home learning. Paper copies are available to those of you who requested them. Teachers will have packs ready on a Friday. Please aim to collect these packs from school on a Friday afternoon before 2.30.

Enjoy reading your child's report - of course it's many weeks since we have seen most of the children so the report can only really reflect how they were progressing and achieving before lockdown.

Yours sincerely

Laura Hall
Headteacher
