

Holy Trinity CE Primary School

COVID 19 Catch Up Premium Funding (2020 – 2021)

In June, a £1 billion fund for education was announced by the government. Further guidance has now been released (<https://www.gov.uk/guidance/coronavirus-covid-19-catch-up-premium>) showing that the money is split between a catch-up premium and a national tutoring scheme.

The catch-up premium is funded on a per pupil basis at £80 per pupil. This will be based on the previous year's census.

Holy Trinity NW3 will receive £14,000.

The spending of this money will be down to schools to allocate as they see best.

To support schools to make the best use of this funding, the Education Endowment Foundation has published a support guide for schools with evidence-based approaches to catch up for all students.

		Year cost:
Targeted academic support	Early assessment has allowed teachers to identify gaps in learning and measure where children's attainment is in relation to age related expectations. Teachers have identified the area of greatest need in their class and a group of focus children. Teachers have planned intervention for those children. The Class Teaching Assistant is leading Booster Classes after school, 3 evenings a week. This will be reviewed in December Assessment week. We started the 'Catch Up Programme' in the third week of the Autumn term.	TA time after school £5,016
Well-being of pupils	Our long standing pastoral lead has supported children and their families throughout the lockdown period via phone-calls and video link. Some of this support was complex due to bereavement of families. On the return to school In September she will reduce her hours in class and spend more time continuing with this support. This includes 1:1 sessions with children most in need, group work for children and phone-calls and video links with families who remain in need. Her work also extends to the support she gives to staff in terms of talk therapy.	Time out of class: £8,984
