EHCP	1	0%	0%	0%	100%	0%
All SEND	5	60%	60%	60%	80%	60%
Looked After Children	0					
Refugees	5	80%	80%	80%	80%	80%

- Most groups attained in line with each other
- Boys attainment data is lower than girls - more boys than girls were transferred from other schools in Y5 and Y6, which impacts on this data
- Where there is a larger difference this can be explained by:
 - The small number of pupils in that group e.g. White British FSM = 1 pupil
 - The fact that one of the pupils in the group has more than one vulnerability e.g. one child in Black African group of 3 pupils has an EHCP
