

## **Tell us about your experience of finding support for families**

**SENDirect is a new website where you can find services and information for families who help to care for a young person with an additional need or disability.**

**If you work in an advisory role, you can use SENDirect to find activities and support that meet the individual needs of the young people you work with. You can use SENDirect to search, review and pass on information about services to families. Families can also choose to nominate you to book and purchase activities on their behalf.**

We're looking for people who work closely with families, to take part in our survey. We want to find out more about the types of services that are available and how easy it is for you to find them. We can then use your responses to measure how good SENDirect is at helping you find the information you need and how we can make our service better for you, and the families you work with.

We need as many of you as possible to complete the survey, and it should take no more than 15 minutes. The closing date for this survey is 12 December 2014.

**[Help to improve access to services by completing this survey](#)**

Thank you for your time, if you have any questions about this survey, or want to know more about SENDirect please contact [info@sendirect.org.uk](mailto:info@sendirect.org.uk).
