

How to download Blackout (Apple)

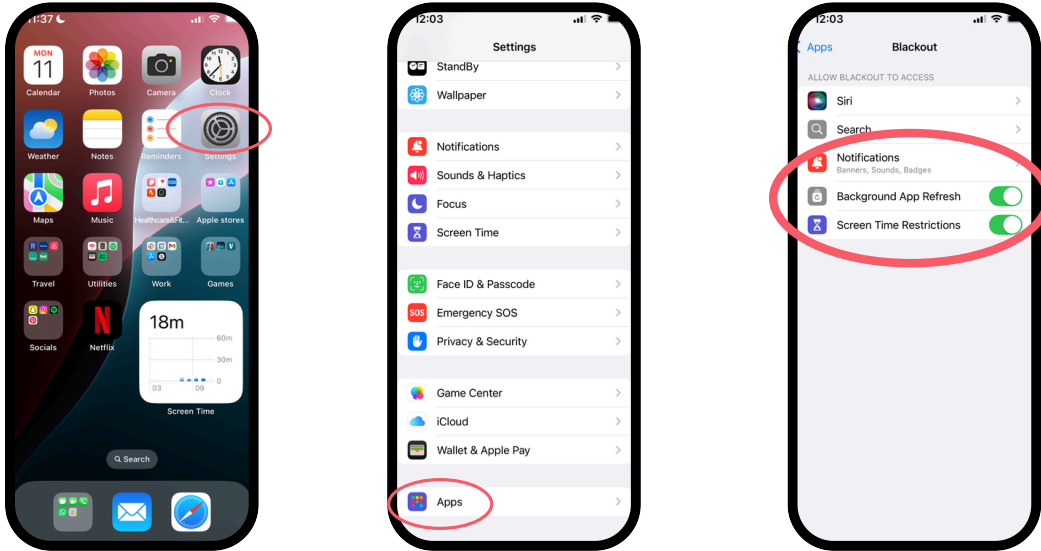

1. You will receive an email; scroll down and click 'Download on the App Store'
2. Once downloaded, read and accept the terms and conditions
3. Enter the auth code - you can find this in your school email!
4. Accept permissions (Screen time, VPN and notifications)

***If you have parental controls, you may be asked to enter a password to complete these steps. If you are unable to download Blackout, please email the school.**

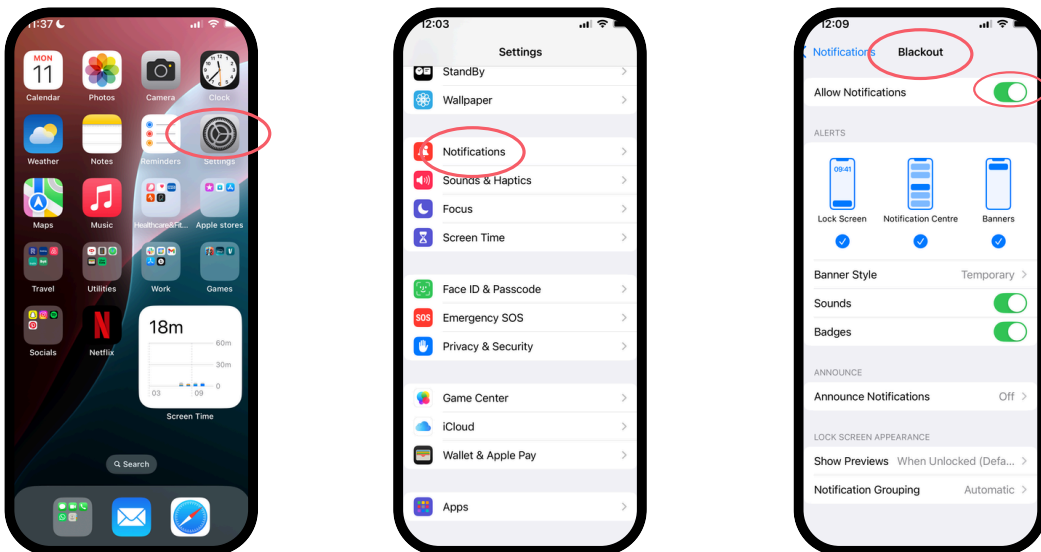

How to check permissions (Apple)
