

# Scientific Bone Names

Place the Scientific Names of Bones Activity Sheet around the class (if you are able to do this in a hall even better!) Take turns to be the 'runner' in their group - looking at the bone, collecting the scientific name and then labelling the correct bone on their group skeleton.

cranium

cranium

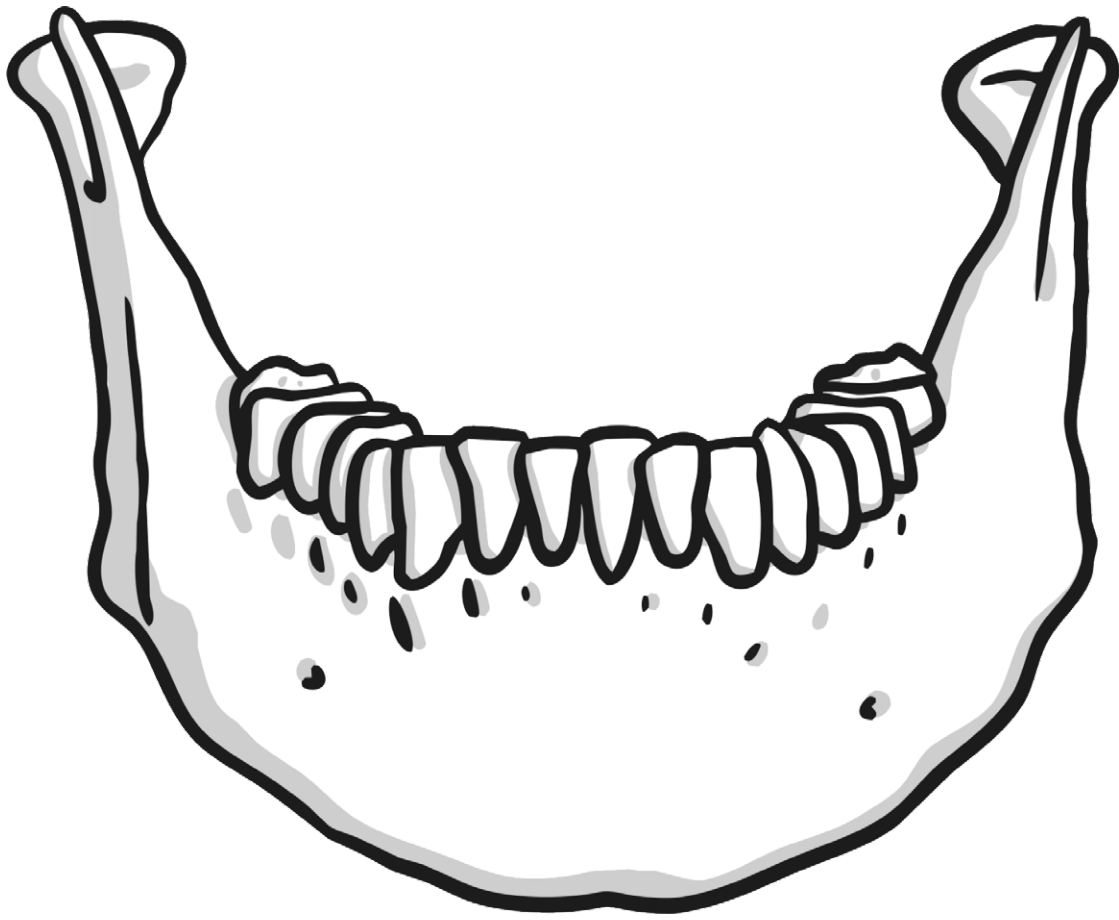

cranium

cranium

cranium

cranium

Cut out the scientific name above and label it on your skeleton.

mandible

mandible

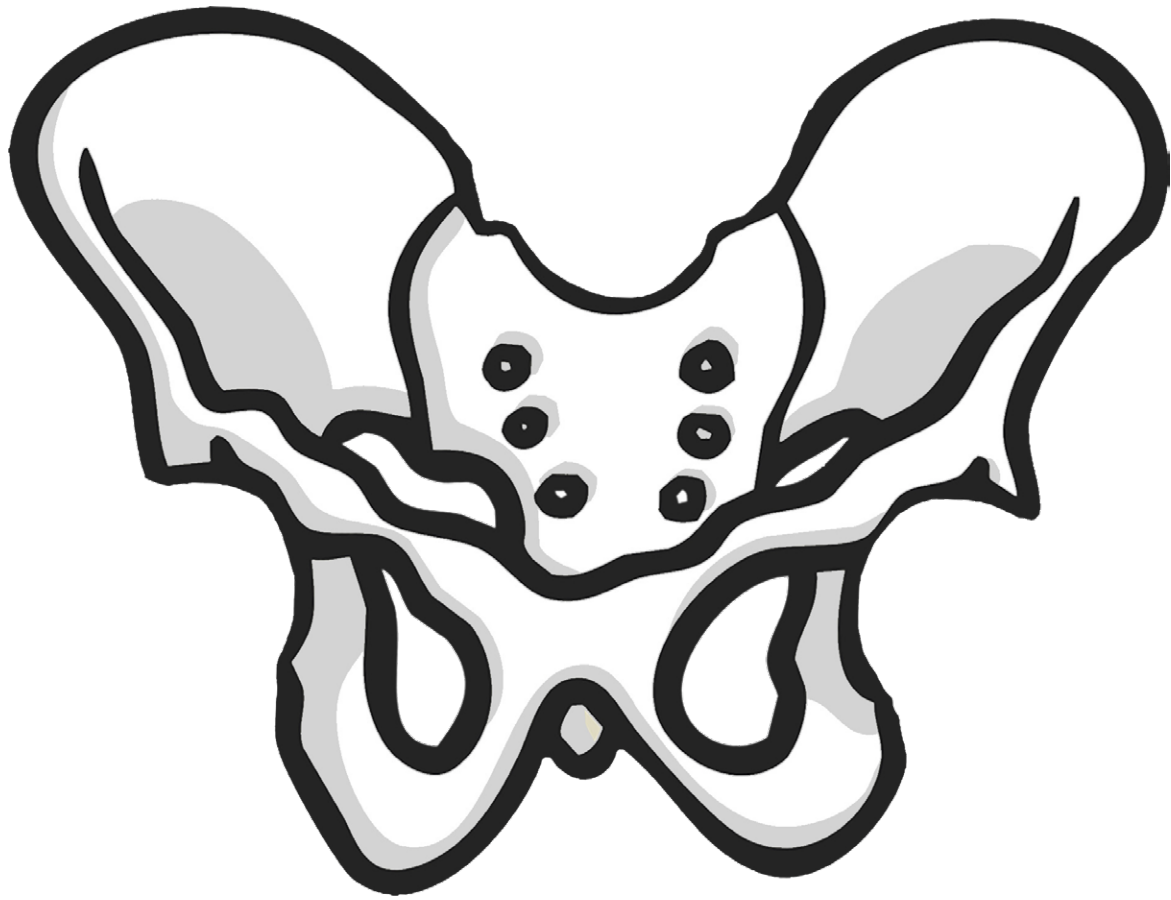

mandible

mandible

mandible

mandible

Cut out the scientific name above and label it on your skeleton.

pelvis

pelvis

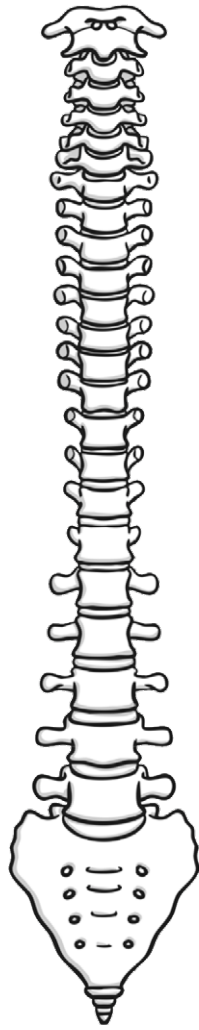

pelvis

pelvis

pelvis

pelvis

Cut out the scientific name above and label it on your skeleton.

vertebral  
column

vertebral  
column

column

vertebral  
column

vertebral  
column

Cut out the scientific name above and label it on your skeleton.

femur

femur

femur

femur

femur

femur

femur

femur

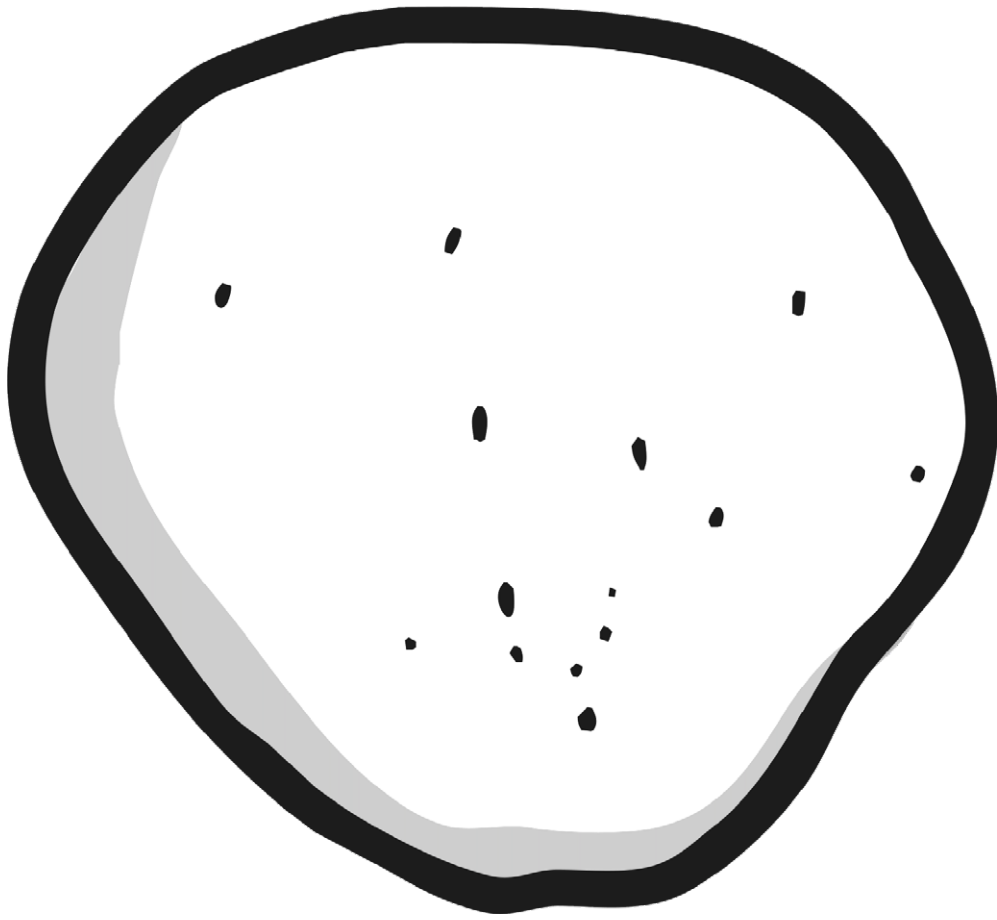

femur

femur

femur

femur

Cut out the scientific name above and label it on your skeleton. You will need two!

patella

patella

patella

patella

patella

patella

patella

patella

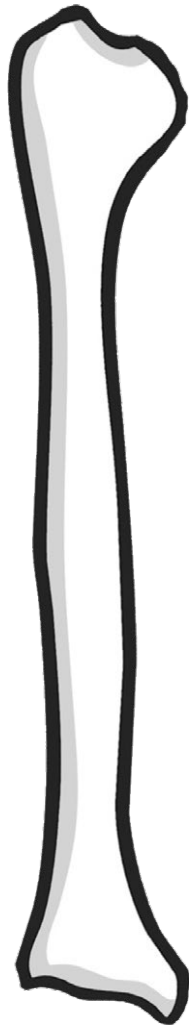

patella

patella

patella

patella

Cut out the scientific name above and label it on your skeleton. You will need two!

humerus

humerus

humerus

humerus

humerus

humerus

humerus

humerus

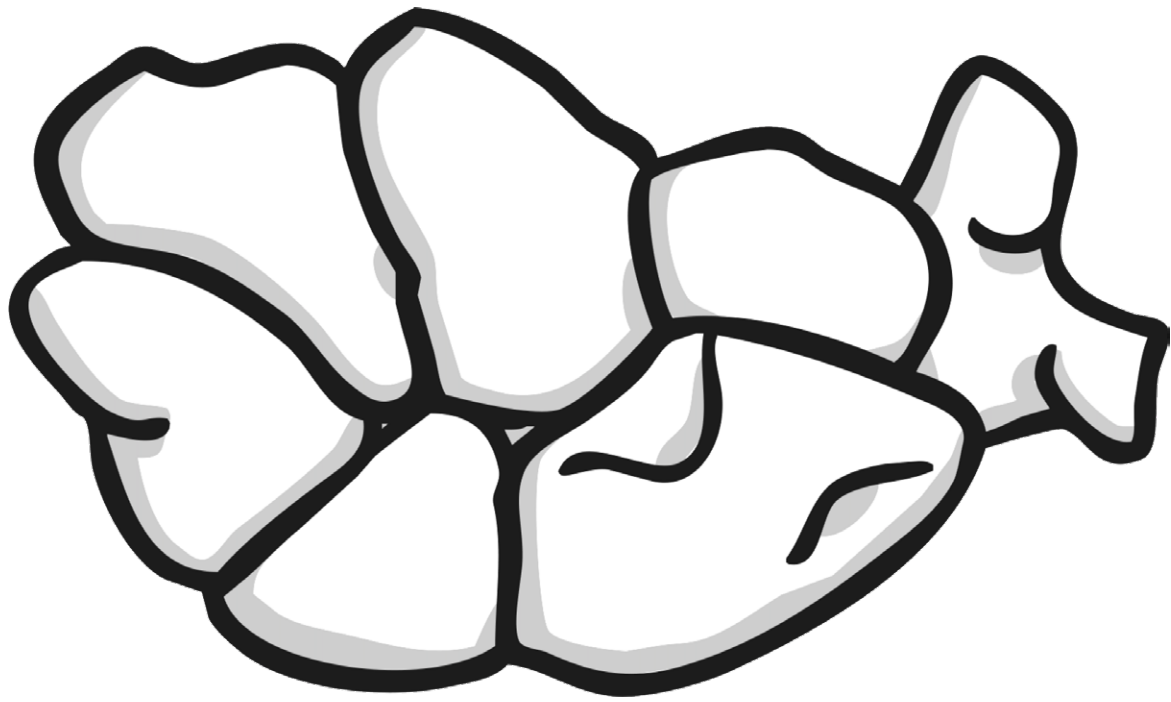

humerus

humerus

humerus

humerus

Cut out the scientific name above and label it on your skeleton. You will need two!

carpals

carpals

carpals

carpals

carpals

carpals

carpals

carpals

carpals

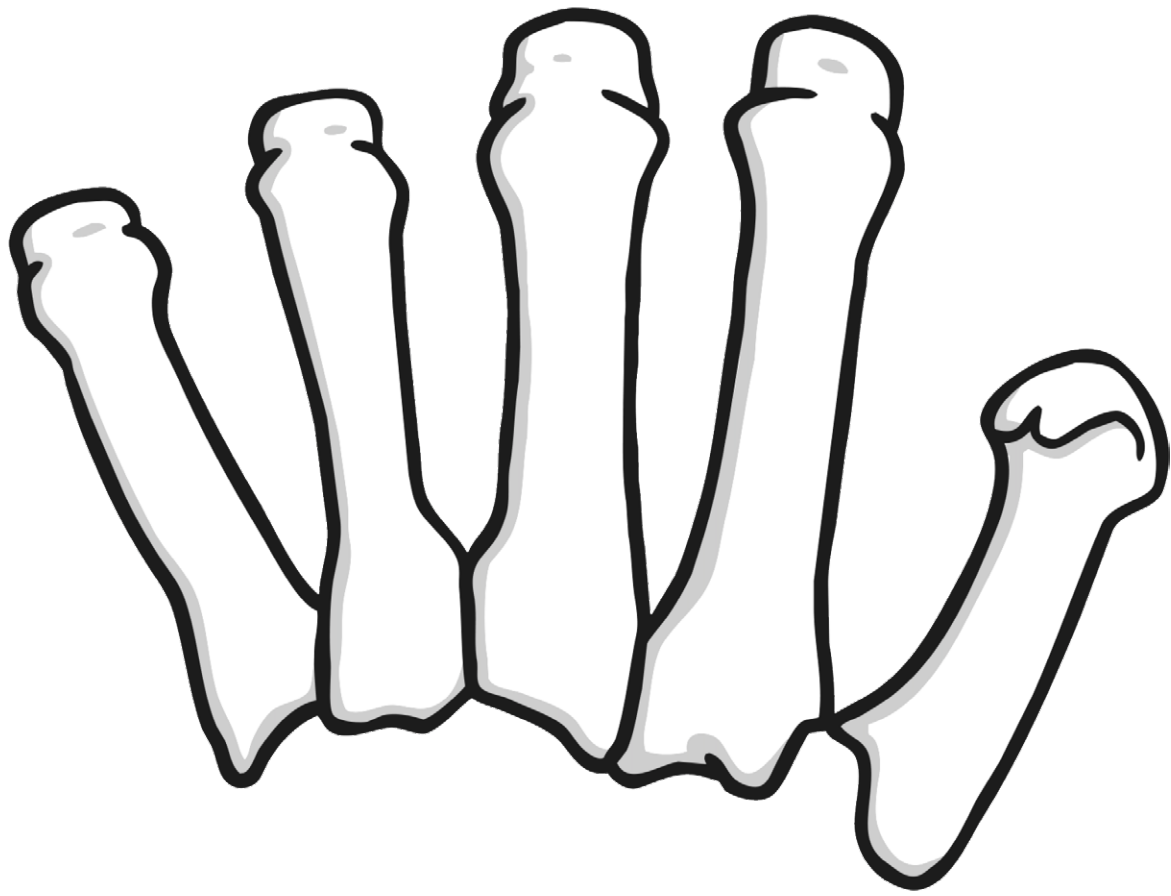

carpals

carpals

carpals

Cut out the scientific name above and label it on your skeleton. You will need two!

metacarpals

metacarpals

metacarpals

metacarpals

metacarpals

metacarpals

metacarpals

metacarpals

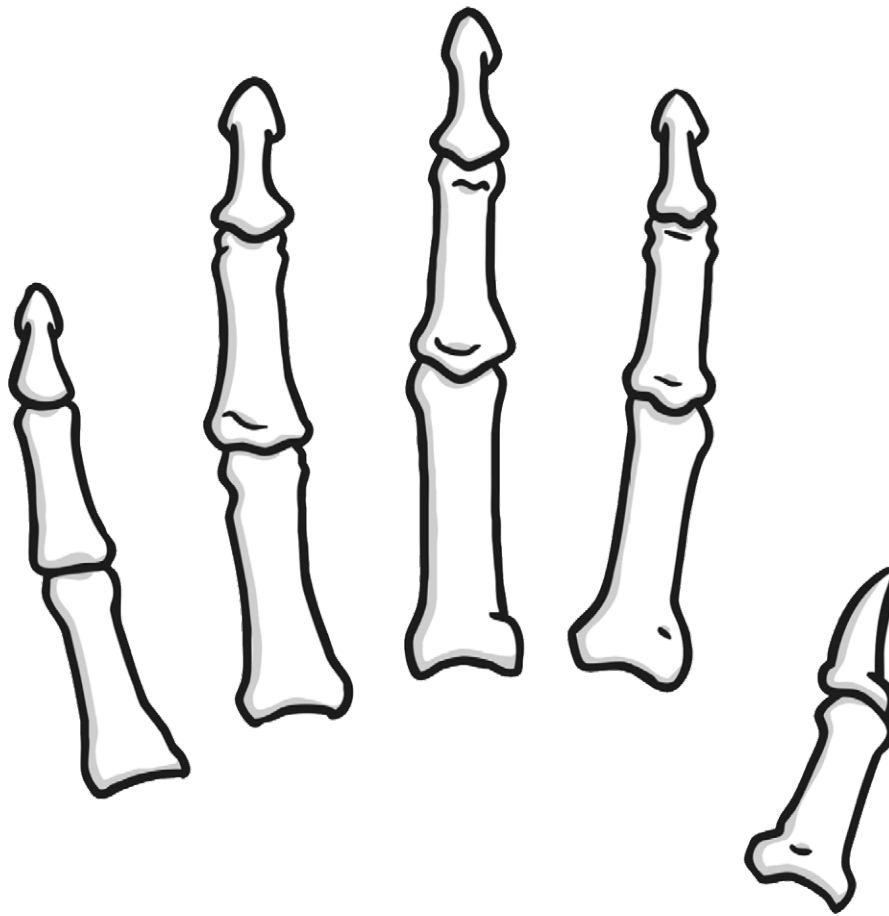

metacarpals

metacarpals

metacarpals

metacarpals

Cut out the scientific name above and label it on your skeleton. You will need two!

phalanges

phalanges

phalanges

phalanges

phalanges

phalanges

phalanges

phalanges

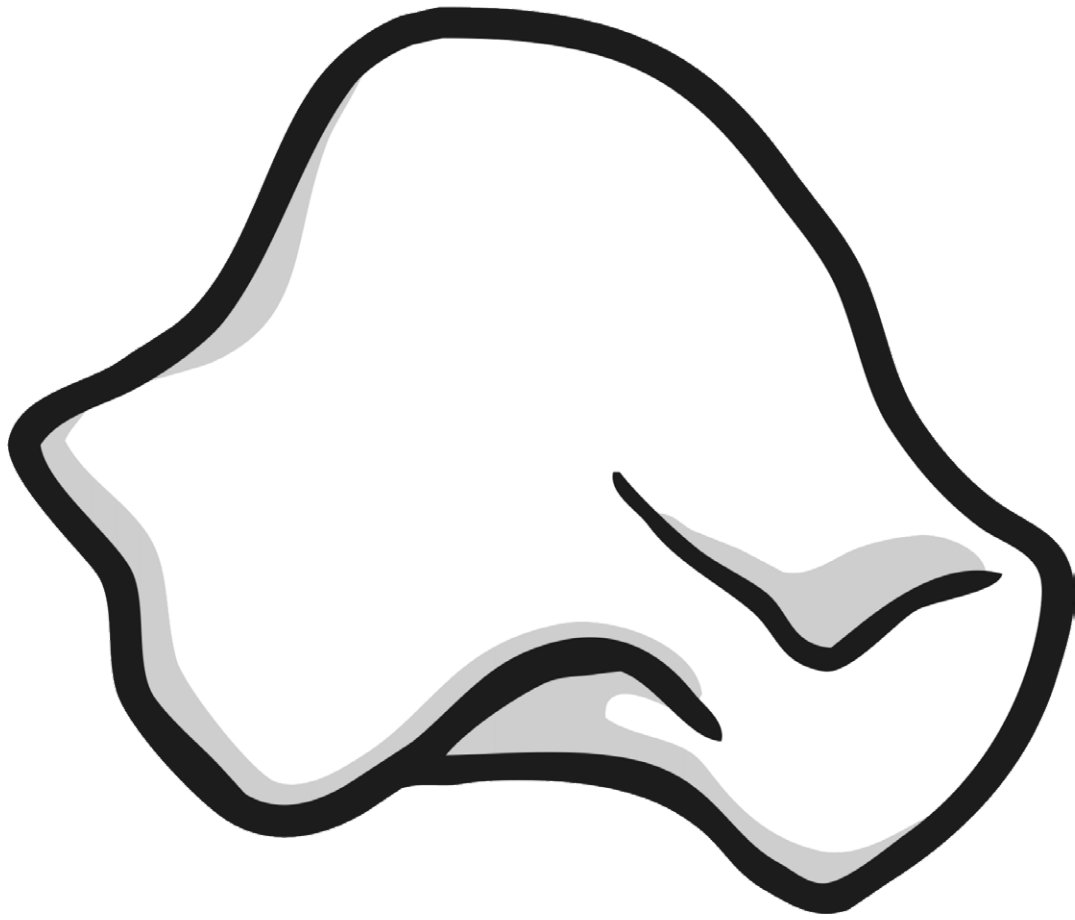

phalanges

phalanges

phalanges

phalanges

Cut out the scientific name above and label it on your skeleton. You will need two!

talus

talus

talus

talus

talus

talus

talus

talus

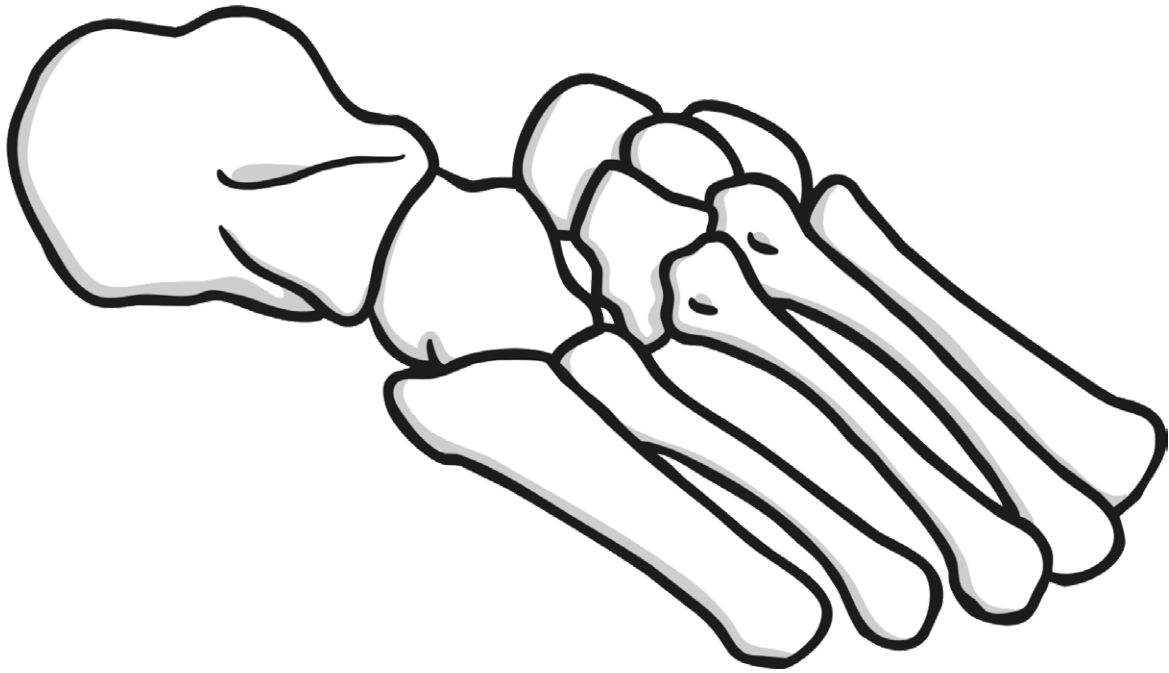

talus

talus

talus

talus

Cut out the scientific name above and label it on your skeleton. You will need two!

metatarsals

metatarsals

metatarsals

metatarsals

metatarsals

metatarsals

metatarsals

metatarsals

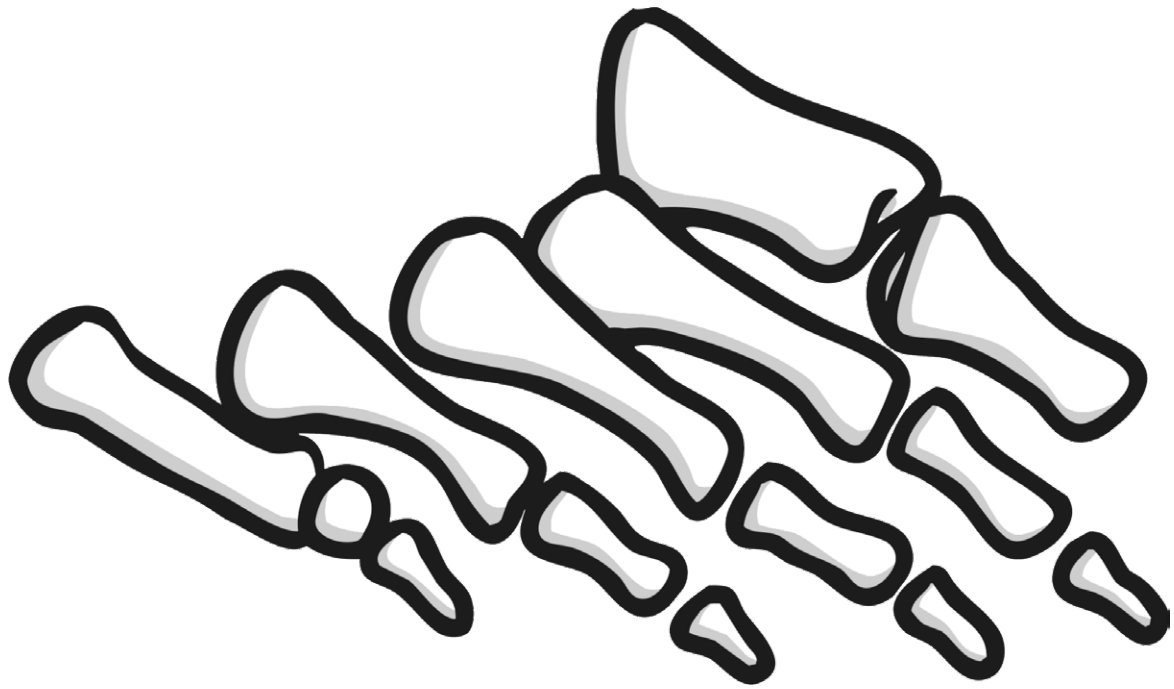

metatarsals

metatarsals

metatarsals

metatarsals

Cut out the scientific name above and label it on your skeleton. You will need two!

phalanges

phalanges

phalanges

phalanges

phalanges

phalanges

phalanges

phalanges

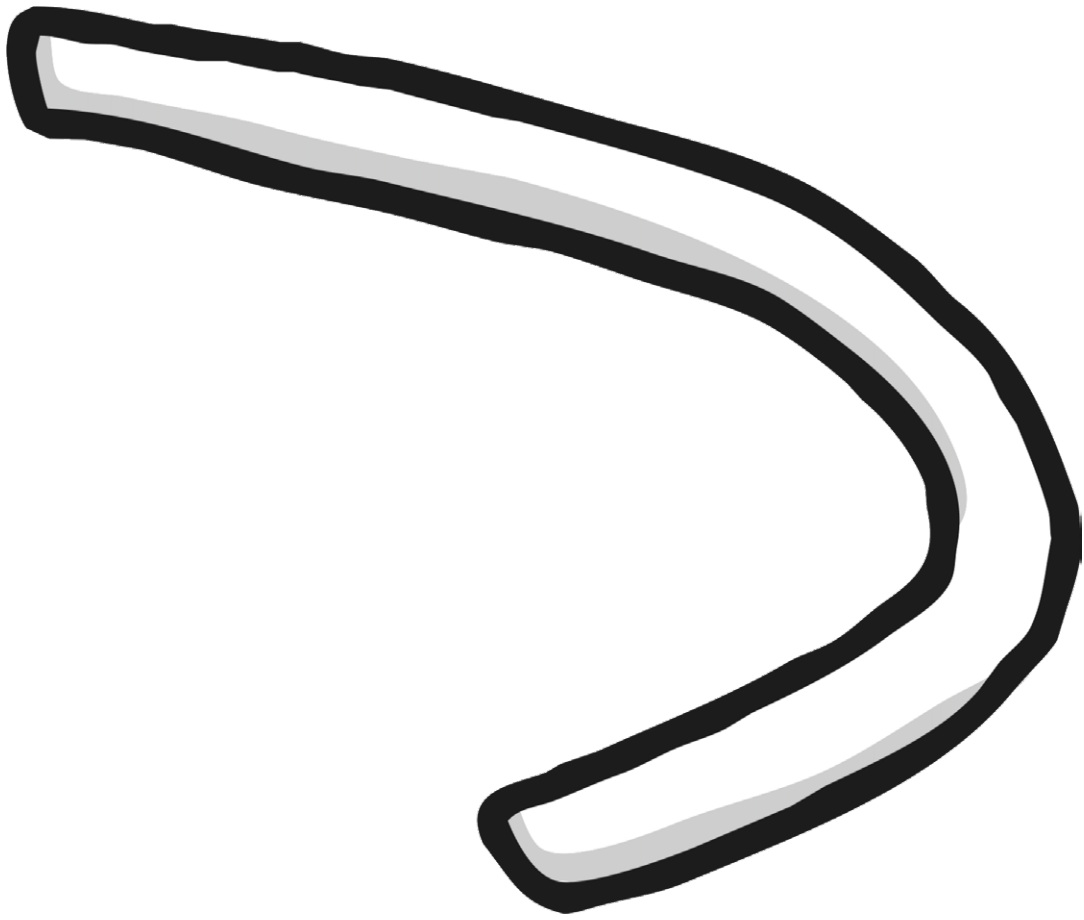

phalanges

phalanges

phalanges

phalanges

Cut out the scientific name above and label it on your skeleton. You will need two!

**costal**

**costal**

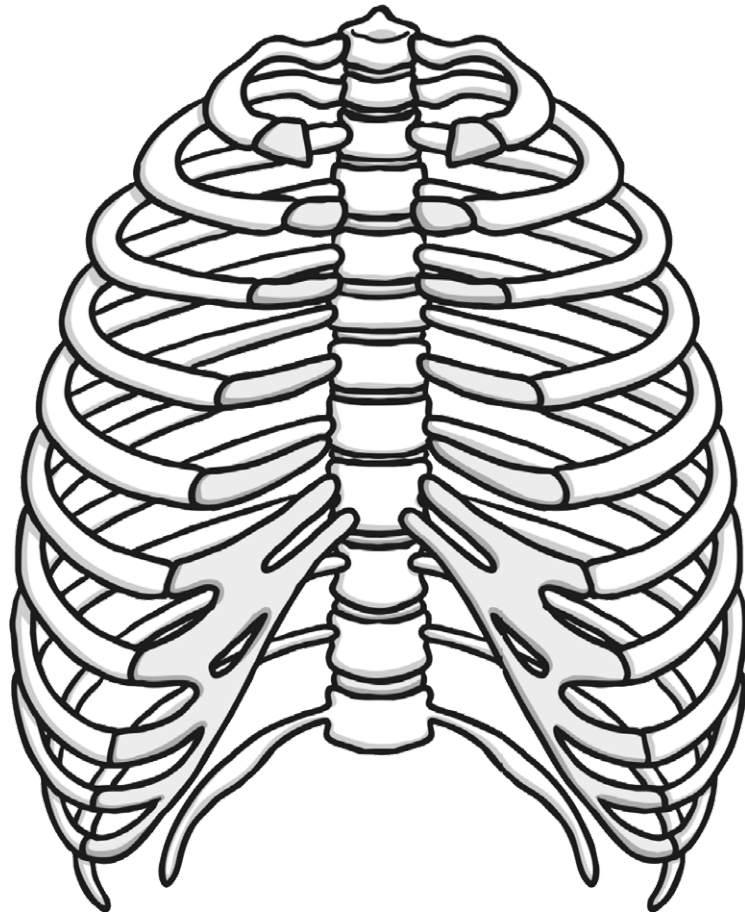

**costal**

**costal**

**costal**

**costal**

Cut out the scientific name above and label it on your skeleton.

thoracic  
cage

thoracic  
cage

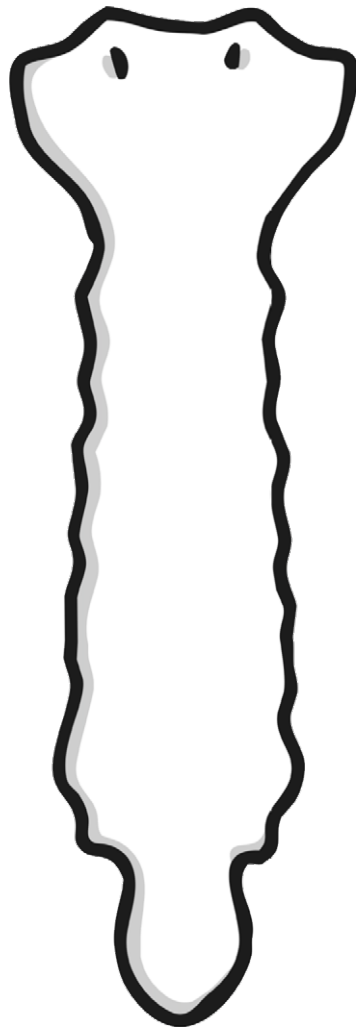

thoracic  
cage

thoracic  
cage

thoracic  
cage

thoracic  
cage

Cut out the scientific name above and label it on your skeleton.

**sternum**

**sternum**

**sternum**

**sternum**

**sternum**

**sternum**

Cut out the scientific name above and label it on your skeleton.

radius

radius

radius

radius

radius

radius

radius

radius

radius

radius

radius

Cut out the scientific name above and label it on your skeleton. You will need two!

ulna

ulna

ulna

ulna

ulna

ulna

ulna

ulna

ulna

ulna

ulna

ulna

Cut out the scientific name above and label it on your skeleton. You will need two!

fibula

fibula

fibula

fibula

fibula

fibula

fibula

fibula

fibula

fibula

fibula

fibula

Cut out the scientific name above and label it on your skeleton. You will need two!

tibia

tibia

tibia

tibia

tibia

tibia

tibia

tibia

tibia

tibia

tibia

tibia

Cut out the scientific name above and label it on your skeleton. You will need two!

scapula

scapula

scapula

scapula
