

Children's Mental Health Week 2021:

Express Yourself

From 1st to 7th February 2021, it is Children's Mental Health Week in the UK. Each year, there is a different theme and the theme for this year is 'Express Yourself'.

It is about finding ways to share feelings, thoughts or ideas, through creativity. This could be through art, music, writing and poetry, dance and drama, photography and film and doing activities that make you feel good.

The Duchess of Cambridge

says in her message:

"Childhood is an incredibly important moment in our lives. It is the time when we explore our personalities...

Our experience of the world at this early stage helps to shape who we become as adults..."

Who Organises It?

Children's Mental Health Week is organised by a charity called Place2Be, who help children in schools all over the UK. Children's Mental Health Week started in 2015 and it has carried on helping many children feel happier ever since.

The Duchess of Cambridge is the Royal Patron of the Place2Be charity. This means that she supports them, helps them and talks about their work. She has supported the mental health of children for a long time. She would like children to be helped so that they have the chance to be the best they can be.

Place2Be have suggested these tips for expressing yourself:

- ★ You might prefer different methods of expression at different times or for expressing different thoughts or feelings.
- ★ Remember to make your own choices and express **yourself**. Try not to make choices based on your friends or other people.
- ★ Try lots of different ways to express yourself and think about which you enjoy the most.

What Is The Problem?

Children come across many difficulties in their everyday lives, from families splitting up to bullying or feeling negatively about themselves.

Many of the children that work with Place2Be have low self-esteem, which can make them unhappy.

Self-expression is a great way to relieve stress. It can help people reflect on their lives, decisions, relationships, beliefs and thoughts, instead of keeping them bottled up.

People can find it hard to express themselves – especially when they are not feeling happy.

What Is The Answer?

Place2Be and Children's Mental Health Week cannot make all the problems go away but they can help people to be happier and help them be able to deal with the problems.

This is done by helping people find ways to express their feelings, thoughts or ideas that work for them. The important thing to remember is that expressing yourself, however you choose to, is not about being the best at something or putting on a performance for others. It is about finding a way to show who **you** are and how **you** see the world that can help you feel good about yourself.

The theme 'Express Yourself' tries to make children see that it's OK to say what they are thinking and feeling and also, it's OK for other people to express themselves too.

Express Yourself

The theme 'Express Yourself' looks at giving people the support and tools to be able to share their thoughts and feelings fully and with confidence. Place2Be have chosen 'Express Yourself' and not 'Be Positive' on purpose as it is important to express all of our emotions, not just the positive ones.

You can express yourself creatively – through art, music, dance, drama, photography or writing.

You can express yourself in the clothes you wear and the choices you make.

HRH The Duchess of Cambridge has been Place2Be's Royal Patron since 2013 and she recorded a video message to launch the week.

HRH The Duchess of Cambridge takes a special interest in issues of mental health facing children today. She would like children to be given the opportunity to be the best versions of themselves.

"Childhood is an incredibly important moment in our lives.

It is the time when we explore our personalities, discover the potential that lies within us and learn how to be ourselves.

Our experience of the world at this early stage helps to shape who we become as adults and how we begin to feel comfortable in our own skin."

Difficulties Faced By Children

Children encounter many different issues in their day-to-day lives, from family issues, to bullying, negative self-image and the effect of social media on self-esteem.

80% of children who come into contact with Place2Be are affected by low self-esteem.

Thinking negatively about our differences and comparing ourselves to others can make it difficult for us to confidently be ourselves. This year's theme tries to highlight the fact that it's OK for us all to express ourselves, however different our thoughts, feelings or ideas may be.

What is Being Done?

Place2Be and Children's Mental Health Week work towards making a difference in how people view the issues they are facing.

This is done through activities that focus on raising self-esteem, improving positivity and self-expression.

Being able to express ourselves can make it easier to deal with problems that arise and can help us get on better with others who might be different.
