

DIVIDE A NUMBER BY 1 AND ITSELF

Get ready

Here is your starter.

1) $12 \times 1 =$

2) $1 \times 9 =$

3) How many groups of 5 are in 25?

4) Write two divisions using the multiplication fact $3 \times 4 = 12$

1) $12 \times 1 = 12$

2) $1 \times 9 = 9$

3) How many groups of 5 are in 25? 5

4) Write two divisions using the multiplication fact $3 \times 4 = 12$

$$12 \div 3 = 4$$

$$12 \div 4 = 3$$

Let's learn

Get ready for today's
new learning.

$$6 \div 1 = 6$$

Sharing

Grouping

$$8 \div 1 = 8$$

Have a think

Sharing

Grouping

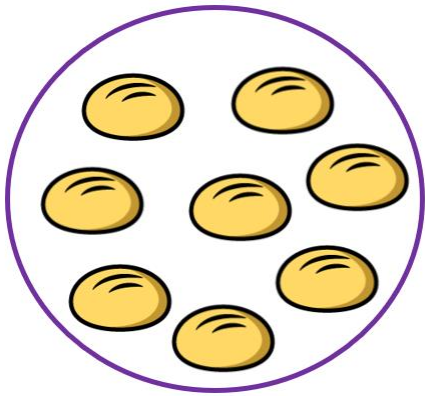

$$8 \div 1 = 8$$

Have a think

Sharing

Grouping

There is 1 8 in 8

There are 8 1s in 8

Here is a bunch of 4 bananas.

The bananas are shared between 4 children.

4

÷

4

=

1

Number of
bananas altogether

Number of
children

Number of
bananas per child

Here is a bag of 3 apples.

The apples are shared between 3 children.

$$3 \div 3 = 1$$

Number of apples
altogether

Number of
children

Number of apples
per child

Have a think

$$3 \div 3 = 1$$

$$4 \div 4 = 1$$

What do you notice?

A number is being divided by itself.

The answer is 1

There is 1
group of 2 in 2

$$2 \div 2 = 1$$

There is 1
group of 3 in 3

$$3 \div 3 = 1$$

There is 1
group of 4 in 4

$$4 \div 4 = 1$$

When you divide a number by
itself, the answer is 1

Have a think

$$4 \div 1 = 4$$

$$4 \div 4 = 1$$

When you divide a number by 1, the number remains the same.

When you divide a number by itself, the answer is 1.

$$9 \div 1 \div 3 = 3$$

Have a think

I only need to divide 9 by 3 to calculate the answer.

Do you agree?

When you divide by 1, the number remains the same.

When you divide by 1, the number remains the same.
When you divide a number by itself, the answer is 1

Complete the fact family.

Have a think

$$7 \times 1 = 7$$

$$\underline{1} \times \underline{7} = \underline{7}$$

$$\underline{7} \div \underline{1} = \underline{7}$$

$$\underline{7} \div \underline{7} = \underline{1}$$

ADAPT YOUR INPUT

Use character artwork and other clipart from the following slides to adapt your input. These slides are just a starting point for your lesson. Add your own questions and content to meet the needs of your class.
