Dear Parents and Carers,

Our choir will be performing at **Destination Lakeside on Monday 23rd November**, followed by an ice-skating session for the children.

Meeting and Performance

Please meet **outside Nickelodeon World at 4:15pm**. We ask that everyone arrives promptly so that we can organise the children and have them ready for their performance.

The choir will perform on stage at **4:30pm** and will sing three songs. The performance will last approximately 15 minutes.

Following the performance, the children will head to the ice rink to get their skates on, ready for the **5:00pm ice-skating session**. The skating session will last for **45 minutes**.

Adult Supervision

All children must attend with a responsible adult. Parents/carers will be responsible for supervising their child throughout the visit, including before and after the choir performance and during the ice-skating session.

School staff will organise and supervise the children while they are performing as part of the choir. Once the performance has finished, children will return to the care of their accompanying adult before making their way to the ice rink. **Parents will not be skating with the children- unless booked separately. The free tickets only apply to the choir children and supporting adults.**

Please do not leave your child at the venue unattended.

Ice-Skating Tickets

If you would like to purchase additional tickets for siblings/parents or reserve a skate aid (penguins and polar bears), please use the link below. **Skate aids are limited and should be reserved if required.**

Donations

We will be raising money for our chosen charities, which will be announced closer to Christmas, and will have a collection bucket available during the choir's performance. If you are able to, please bring along a small donation. Any contributions will be very much appreciated.

We are looking forward to seeing the children perform and enjoying the ice-skating session afterwards.

Kind regards,

Mrs Wilkinson

Music Lead/Assistant HeadTeacher
