

Student-Led Conferences

At XP we are committed to students becoming leaders of their own learning and we believe that students, wherever possible, should be given the opportunity to present and share their learning. Therefore, in the **fortnight beginning 16th January**, every student in Year 7 will be hosting an SLC (Student-Led Conference) where they will discuss progress in their learning with you, their Crew Leader and other invited guests.

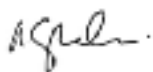

SLCs allow students to develop presentation skills as well as the opportunity to reflect on their progress and areas for improvement. These conferences are a very important way to engage students in understanding and taking ownership of their own learning. In addition, the process allows you, as a parent, the opportunity to understand and appreciate your son's/daughter's learning and achievement across all areas and how you could further support their learning. We also believe this conference structure will continue to strengthen our relationships and further enhance our communication with families.

Your role in this process is crucial in supporting the learning of your son or daughter. **Crew Leaders will be contacting you** to organise an appointment time for the conference and discuss the process in more detail. We are counting on 100% attendance at conferences so that we can encourage, support and recognise the progress in learning that has been made by students in their first term at XP.

We look forward to seeing you at your son or daughter's conference.

Yours sincerely

Andrew Sprakes

Principal
