<https://www.doncastertalks.com/cyp-mental-health-strategy-review>

Achieving positive mental health and wellbeing has not been straightforward in recent years and we recognise the impacts that Covid-19, climate change and economic challenges have had upon the lives of children, young people and families. Team Doncaster is now looking to build on the current children and young people's mental health and wellbeing strategy to address these impacts and shape our vision to 2030.

We want to listen to the voice of residents to better understand the challenges and opportunities they may face so that we can confidently set the direction for Doncaster going forward and support Doncaster children and young people to thrive.

The consultation will run until **Friday 6<sup>th</sup> January 2023.**
