

Beacon Centre Big Butties

This year the Beacon Centre Secondary staff and students worked together to raise money for this good cause. The year 11 students decided they would like to make and sell big breakfast butties at break time.

With cross curricular activities taking place in order to make it a success: Maths lessons worked out the cost of buying and making the sandwiches, Money and Finance researched where the money would go, ICT and Media produced the posters to advertise the event, Citizenship and Ologies looked at the wellbeing aspects of giving to charity and the Home Cooking lesson was used to make the butties.

Staff and students were asked to pre-order their butties and on Friday 17th November the amazing team of Nikita and Ethan from Year 11 and Reshna Year 9 with help and support from Mrs Johnson, Mrs Warren and Mrs Rushworth cooked to order 36 big breakfast butties.

By the end of break all the butties were gone and the centre had raised **£81.39p**.

A huge thank you to all students and staff who worked so hard and contributed to the charity.
