

Computing

Communicate Computing & E-Safety

– We will be focusing on E-Safety and computing. How to use computers and programmes to produce different formats of work. Pupils will be taught how to research information independently about a topic of their choosing.

Art

Patterns and Texture –

We will be focusing on some of the amazing artwork from Ancient Rome – we will be creating our own mosaics and focusing on the intricate details of completing a mosaic.

Design and Technology

Food Technology – We will be making and taste testing traditional foods from Ancient Rome, including baking a traditional loaf of bread following an Ancient Roman recipe.

Science/STEM Humans Including Animals

A mammal has live babies, breathes air, is warm blooded and has a backbone.

To know what a carnivore, herbivore and omnivore is and give examples.

To know keeping healthy means caring for our body so we have enough energy to learn, play and grow.

Food contains nutrients (link to living things) which we need for our body to stay active.

To understand the basic role of our skeleton and name some bones in our body.

To understand the role our muscles play in movement and growth and why nutrition is important.

Literacy – Reading and Writing

Writing to Entertain – ‘Paolo Emporer of Rome’ We will be focusing on this book to capture the adventure that can happen within a story.

Setting Description – We will be using our 5 senses to describe some settings from Ancient Rome. Focusing on imagery and visualising scenes that are described.

Poetry – We will be writing some poetry based around Ancient Rome and some myths and legends that surround the culture.

Maths

Fractions, Decimals, Money and Measurement

Find and name a half of an object, shape or quantity.

Find and name a quarter of an object, shape or quantity.

To solve written fraction problems.

To understand the use of decimals.

Estimating using number lines.

Ordering fractions and decimals.
