I'M AN

# OFFICE ADMINISTRATOR

**Holly Scott**  
**XP School**  
2014-2021

Hiya! I'm Holly, and I was one of the first students to join XP.

#### **Where are you now?**

I'm actually working here. I'm a school administrator at XP East and then I do actually work part time at a pub as well.

#### **How did XP help you on your journey?**

So I would say that it's given me confidence to speak in front of crowds and audiences and it's definitely helped with interview processes. So just having that confidence to actually speak to people out loud and face to face.

#### **Do you have a highlight from your time at XP?**

Yeah, so I would definitely say it was doing the outdoor activities at Duke of Edinburgh. I actually got the opportunity to do my bronze and my silver - and I got to do canoeing for the silver expedition. So I definitely do remember being outdoors a lot - and getting out and about in the community.

#### **What advice would you give to someone starting their XP journey?**

Just have fun really, and stick to the Character Traits and the HoWLs that the school have - their values.

#### **We couldn't be prouder of our Alumni. They are forever XP Crew.**

Visit [xptrust.org/alumni](https://xptrust.org/alumni) to discover more of their beautiful stories and see where they are now, how they got there, where they're hoping to go and how they're working hard, getting smarter, and being kind.
