Beyond Words @HHSBeyondWords · May 12  
Year 10s helping year 7s with reading this week #readingrolemodels  
@LibraryHHS @HSHaringey

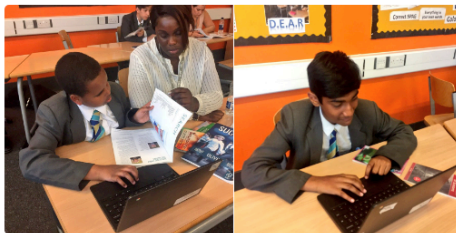

Reading for pleasure has been linked to a **reduction in the symptoms of depression** and to a reduction in the risk of developing dementia in later life

Low levels of literacy **cost the UK an estimated £81 billion a year** in lost earnings and increased welfare spending, impacting on 'the success of the economy as a whole'.

The degree of inequality in reading levels for children aged around ten is **higher in England than in almost all other developed countries.**

# What do the students tell us?

Do you think you read enough?

273 responses

- Yes
- No, but I would like to read more
- No, and I don't want to read more

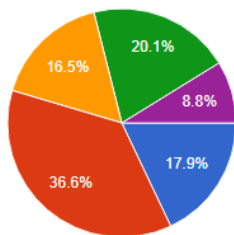

**BEYOND WORDS**  
READING TO SUCCEED

- **Average reading age increase of 11 months over a 9 month period**
- **Increase in library borrowing over 100%**
- **Decrease in most at risk students by 63%**
- **On average students read for 16 minutes a day**

What do you like the most about the Beyond Words programme?

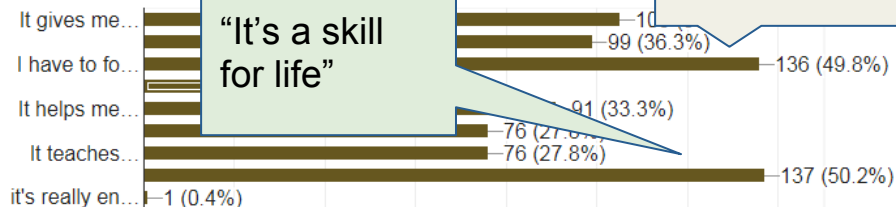

273 responses

- Being able to take quizzes
- Being able to see the progress I make with my reading age
- Knowing my ZPD so I know what books to read
- Being rewarded for my reading
- Being given the opportunity to read at school

## Reading at Heartlands

### Reading at Heartlands

Beyond Words is our whole school reading programme that creates responsible, resilient and reflective readers. The scheme personalises students' reading and allows their teachers and you at home to track and encourage rapid progress.

Students will be guided towards reading books which are appropriate for them and which will allow them to show their understanding by

completing quizzes, aiming for 85%. We will test students 4 times a year to give us accurate and

# Maths @ Heartlands

---

- Programme provided by Mathematics Mastery.
- Inspired by internationally recognised practice, particularly drawing on evidence from Singapore and Shanghai.
- 500+ schools are subscribed nationally, increasing substantially every year.

## Our Purpose

---

For every child to enjoy  
and succeed in  
mathematics, regardless  
of background or ability.

## What It Is, What It Is Not

Understanding concepts in depth

Cumulative learning

Challenge through depth, not acceleration

Number sense and place value come first

Learning 'rules' or 'tricks'

Practising 50 times

# Outcome

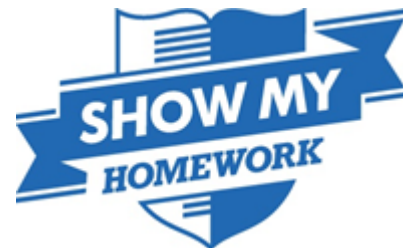

---

“In mathematics, you know you’ve mastered something when you can apply it to a **totally new problem** in an **unfamiliar situation**”

Dr Helen Drury, “Mastering Mathematics” OUP 2014

## Show My Homework

It is an easy to use, online homework calendar for schools.

Teachers set homework; this appears on the homework calendar with all the relevant details such as deadlines and resources.

Students and parents can access this at any time via the web or their mobile phone, making homework accessible and transparent for everyone.

## GCSE Results 2016

*We are delighted with a fantastic set of GCSE results this year. This cohort has exceeded the excellent results achieved last year and we are extremely proud of all of our students' achievements. These qualifications will enable Heartlands students to progress onto high quality Post 16 courses and, in future, to top universities and apprenticeships. We wish the 2016 cohort all the best in the next stage of their education and congratulate them on their outstanding achievement. I would like to thank our incredible staff who worked tirelessly to support students to achieve these results.*
