Next-Stop Campus: Year 8 & 9's University Discovery Day!

Last week, our Year 8 and 9 explorers embarked on an inspiring adventure to Hertfordshire University and Kingston University as part of their Search Day! They immersed themselves in dynamic campus tours, tackled hands-on challenges, and discovered the wide variety of courses on offer. These eye-opening experiences are designed to spark ideas about life beyond Heartlands, and we can't wait to watch our students turn their newfound aspirations into action next year!

History Year 9 Rewards Trip to Alexandra Palace

A group of Year 9 students, selected for a History rewards trip in recognition of their outstanding effort this year, took part in the 'Palace Uncovered' workshop at Alexandra Palace on Monday. Led by a professional director, along with music and acting coaches, the students devised a short drama piece inspired by the history of the Belgian refugees who were sent to Alexandra Palace during the First World War. They had the incredible opportunity to perform their pieces on the theatre stage; the very same stage where Ed Sheeran has performed!

Interhouse news!

For the past two weeks we have had hundreds of our students competing for their house in this year's House Games. Our staff have put on many different events ranging from a whole week of sports to arts, science, maths, gaming and more. It's been fantastic to see the students from different years building their sense of belonging as they compete in their houses. A massive well done to Lacerta who were crowned this year's House games champions. Their points will contribute to the overall standings for the year. Well done to all those that took part.
