Dear parent/carer,

FOOTBALL BOOTS

I would like to begin by commending all students on their excellent behavior and effort this term in Sport & Health lessons. Students have actively engaged in the new curriculum and have made every effort to come to lessons with full kit.

For lessons, students are expected to have the green Alperton polo shirt, black Alperton jogging bottoms or shorts, and white soled white trainers, clean socks and a change of head scarf (if worn). Students are allowed to wear their Alperton school jumper if they wish. This is the minimum expectation.

The week **beginning Monday 2 March** we will be taking students to Woodstock playing field for their lessons. This will allow us to teach students in a range of athletics events, using a fully marked track, and be able to access the specialist equipment for events such as high jump, javelin and long jump.

To ensure all students are safe on the grass surface, we are asking that all students bring a pair of moulded football boots to lessons after half term. These can be purchased easily in most sports shops, and we have no restriction on the colour.

It is vital that all students come to Sports lessons with a full kit, even when they are injured or unwell, as students will remain with their group at all times. Therefore, we ask that students get changed to ensure their school uniform does not get ruined. We will differentiate accordingly to ensure that all students are involved in lessons.

If you have any concerns about purchasing the boots please contact me at the school.

Ms N Hazley

Teaching and Learning Leader Sport & Health
