

# Colourful Crossings

Andria Zafirakou MBE and the students of Alperton Community School are pleased to present to you the final four shortlisted colourful crossing designs.

Alperton Community School students have produced designs for the Ealing Road zebra crossing based on peacock feathers, which captures and represents the community spirit.

Design workshops took place from 28th September to 20th November 2020 with over 500 students participating. The NCIL funded colourful crossings will further add to the vibrancy of Ealing Road.

***'Ealing Road is a vibrant high street with a variety of independent shops. A colourful crossing will be a great addition to the high street and will add character.'***

***We are really excited that Andria Zafirakou MBE with Alperton Community School students have helped create the final four shortlisted designs.***

***We're now asking you to vote on your favourite design.'***

Councillor Shama Tatler, Lead Member for Regeneration, Property & Planning
