How do you assess the learning?

Formative assessment: this is regular learning checks which take place throughout lessons and sometimes at the end of a lesson. The teacher will do quick tests in any of the skills; speaking, listening, reading or writing or vocabulary tests to see how much students know in order to prepare the following lesson to fill in the gaps where students have not understood new concepts. Students receive feedback which is either verbal or written in their books. Students will need to use 'DIRT' (dedicated reflection and improvement time) to work on any written feedback the student receives.

Summative assessments: At the end of every half term, the students are given either a written or spoken task which allows them to demonstrate using all the new language. This is usually a comprehension task and a translation task and a longer written paragraph. For speaking, it may include a short role play where they reuse phrases learnt or a presentation on one of the topics unaided.

End of Year Examination
