# Weekly Profile: Miss Rayner

---

Growing up, the main activity I did was dance which I loved. I would dance 2-4 times a week and tried out many types of dance such as contemporary, modern, jazz etc. At school I also did some athletics, mainly sprinting the 200m.

Since then I have tried a variety of other sporting activities to keep fit such as running (not a fan), swimming, exercise classes and most recently playing football. Before I moved to London I would play football every week and hope to find a team to start doing so again soon!

I enjoy watching football and support the best team in the Premier League which is obviously Liverpool. My memorable sporting moment was watching Liverpool win the Champions League with my family - I've never seen my brother so happy!!

My favourite sport is cricket and I play for a club outside of school. They have great facilities and I really enjoy it.

I like to play any sport but I usually play cricket and football.

My favourite sports team is the Indian cricket team and my favourite player is KL Rahul.
