

Year 8 – Textiles

What will be studied?

Topic(s)

The focus of the 6 week project is to introduce students to a wide range of textile techniques such as Batik and tie-dye and teach them how to use a sewing machine. This helps prepare students for KS4: experimenting with appropriate media, materials, techniques, processes. Alongside the practical elements of the project, students begin to explore a wide variety of Textile artists linking to the theme of cultural identity to build on students' cultural capital. This is in line with the EDUCAS assessment objectives AO1: Understanding critical sources.
