The artist I am looking at is
Madalena Godewa. The artist has
made this piece using fabric
collage. This is a textile technique.
The artist's work reminds me of
still images as well as portraits.

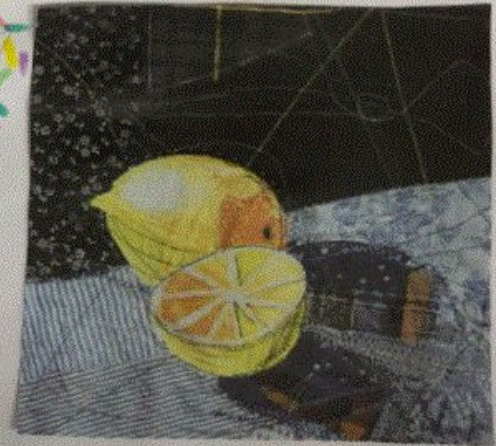

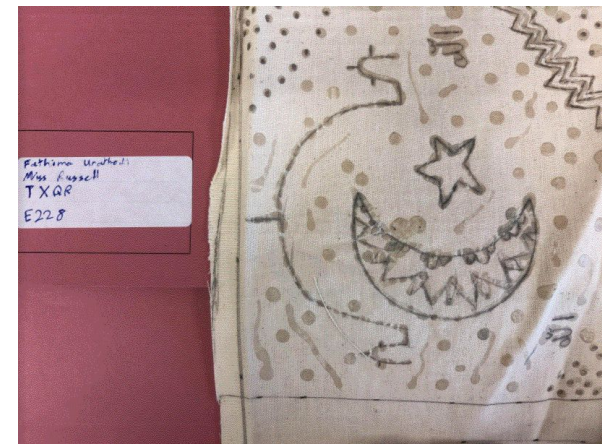

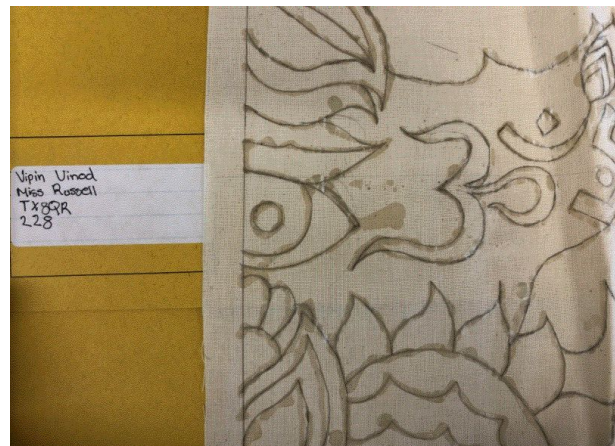

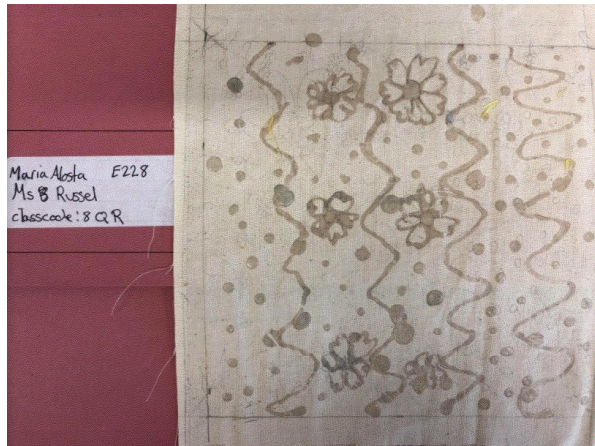

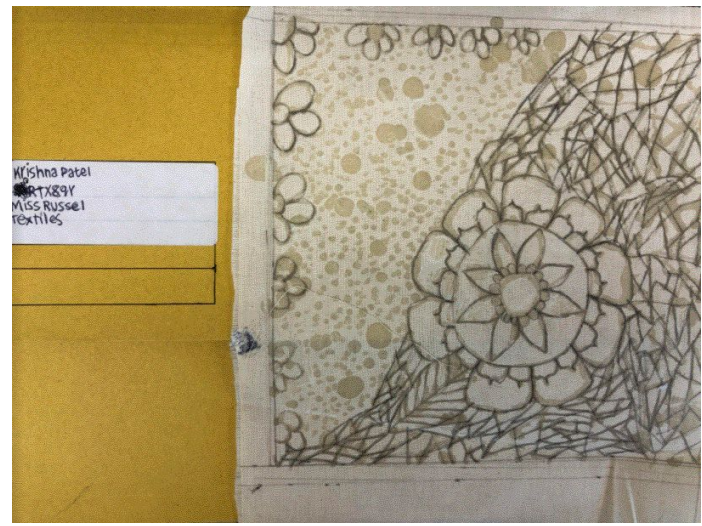

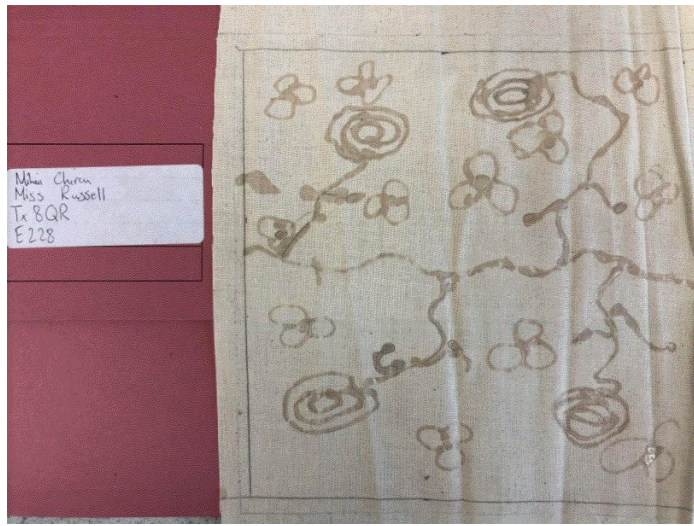

I would describe the colours as
bright and contrasting. The ideas
I will take from this artist are
the zig-zag stitch as I think
it looks good.

Madalena Godewa

This textile work is decorative
colourful and unique. I
used the word unique as I
would not expect this
type of art from some one.
