STUDY SANCTUARY

Where is the best place to revise?

WHAT DOES A GOOD STUDY SPACE NEED?

Do Now:

What does a good study space need?

1. -
2. -
3. -
4. -
- 5.

Stretch:

What should not be in a good study space?

WHICH WOULD BE EASIER TO CONCENTRATE?

What makes a study sanctuary?

What are the benefits of finding your quiet space?

Do you know your local library opening times?

Are there a study sanctuary at your school?

A Quiet
place to
study

WHAT IS A SANCTUARY?

Safety from pursuit
or danger

Why are we talking about sanctuary in today's survival skills?

YOUR REVISION SPACE

BE THE
Reason
SOMEONE SMILES
TODAY

In pairs, discuss what is wrong with the above as a study space.

Stretch: What is easily fixable?

WHAT DOES THE RESEARCH SAY ABOUT REVISION SPACES?

- De-clutter: Remove everything that doesn't need to be there (including things on walls etc.)
- Remove distractions: talk about electronics etc. If there is background noise, think about white noise eg. Waves/rain, not music with lyrics
- Somewhere quiet: away from the noise of the rest of the house – especially with siblings. Would it work better at school?
