Year 9 Textiles: Recycling project

Sadhana Suresh 9Q
Name: _____

TASK:

- Draw your design for your plastic bag.
- Your bag must fit the theme: Under the Sea
- You must add colour and think about the layout of your design.
- Next lesson you will start making your bag.
- If you finish one design, you can do another design for the back of the bag

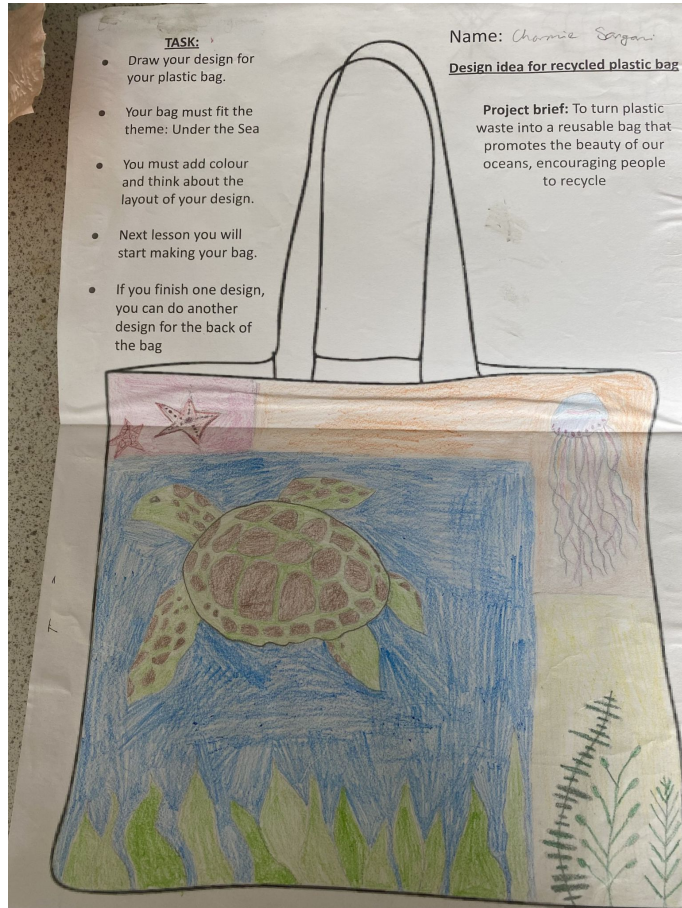

Design idea for recycled plastic bag

Project brief: To turn plastic waste into a reusable bag that promotes the beauty of our oceans, encouraging people to recycle

The drawing shows a rectangular bag with a handle. The main body of the bag is divided into two horizontal sections. The top section is yellow and contains a purple jellyfish and several brown, circular shapes representing rocks or bubbles. The bottom section is blue and contains a large green fish, a yellow starfish, and some red seaweed. The drawing is done with colored pencils and markers.
