

5 February 2024

Dear Parent/Carer,

### Pre Public Exams [PPE2]

After half term students in Year 11 and Year 13 will sit a second set of Pre Public Exams (PPE 2). This is an extremely important opportunity for your child to demonstrate improvements in knowledge and exam skills since PPE1 and to practise exam questions under timed conditions in the formal exam venues they will be using in the summer.

We expect your child to use the following weeks for focussed revision following the subject specific revision plans which have been shared through the VIP Zone. To further support students' preparations for PPE2, a number of targeted interventions are taking place in school during half term. If your child is expected to attend a session, you will receive a message from Ms Ranasinghe [Year 11] or Ms Haslam [Year 13] with full details.

The PPE2 timetables can be found [here](#). [please click on 'exams taking place this term']

Individual exam timetables will be distributed to students this week. Please read this with your child and ensure they are clear about the date, time, venue and seating arrangements for each exam.

For advice and guidance on how you can support your child further during this critical time please click on the link below:

[Good Habits, Revision Strategies and Wellbeing](#) [please click on 'supporting your child']

Please note, in accordance with [guidance](#) received from the DfE, the school will scan marked PPE2 exam papers in order to collect evidence of student performance in the unlikely event that exams are unable to go ahead at national level. Needless to say, it is extremely important that your child is fully prepared for these exams as the results could potentially be used to allocate final grades. Further information can be found here: [Ofqual guidance](#)

Thank you for your continued support.

Yours faithfully,

Mrs P. Rufo  
Deputy Headteacher

Ms. S. Zarat  
Assistant Headteacher, Head of 6th Form
