

Dear Parents and Carers

October 2025

Re: Work Experience Opportunities for Alperton Community School Students – Week Beginning Monday, 29 June 2026

At Alperton Community School, we are always looking for ways to enrich our students' learning experiences and provide them with opportunities that will support their personal and professional development. One of the key areas we focus on is preparing our students for the world of work by offering them valuable work experience placements.

With this in mind, we would like to reach out to our wider school community to explore whether any parents, carers, or their employers might be able to offer work experience opportunities for our Year 10 students who are 14 and 15 years old. These placements are an excellent way for young people to gain insight into various industries, develop key skills, and build confidence in a real-world setting.

If you or your organisation could provide work experience opportunities for five days only during the **week beginning Monday, 29 June 2026**, we would be very grateful for your support. If you are able to assist, please contact me, Mr Rayleigh, at careers@alperton.brent.sch.uk.

Alternatively, if you are able to pass on any contact details of local organisations or businesses who might be able to support Alperton Community School, please do pass these details on to the above email address.

Your support would make a significant difference to the futures of our students.

Thank you in advance for your consideration, and we look forward to hearing from you.

Yours faithfully

Mr Rayleigh
