Dear Parents and Carers,

As we celebrate the incredible success of last academic year's Activities Week, we are thrilled to unveil our exciting programme for **Activities Week in July 2027**. This special week is one of the highlights of our school calendar, providing students with unforgettable opportunities to celebrate their achievements, embrace new experiences, and create memories that will last a lifetime.

At the heart of Activities Week is our commitment to providing enriching experiences beyond the classroom. We believe that some of the most valuable learning takes place through exploration, adventure, teamwork, and challenge. Whether students are discovering a new city, taking part in an outdoor adventure, developing a new skill, or working alongside their peers in exciting workshops, every activity has been carefully chosen to inspire curiosity, build confidence, and foster personal growth.

Our Activities Week 2027 programme offers an outstanding range of trips, visits, and in-school experiences designed to suit a variety of interests. These opportunities allow students to celebrate the successes of the academic year while strengthening friendships, developing meaningful relationships with staff, and creating a stronger sense of belonging within our school community.

Example week:

	Tuesday	Wednesday	Thursday
7	Trip - Mixed year groups	Sports days PM	Workshop
8	Sports days PM	Trip - Mixed year groups	Workshop
9	Workshop	Sports days PM	Trip - Mixed year groups
10	Sports days AM	Workshop	Trip - Mixed year groups

Students remaining in school will enjoy a diverse programme of engaging workshops and enrichment activities, all led by our passionate staff. These experiences have been carefully designed to stretch and inspire every student, encouraging them to demonstrate resilience, courage, creativity, and leadership while strengthening essential life skills such as self-regulation, collaboration, communication, critical thinking, and problem-solving. By stepping beyond their comfort zones and embracing new challenges, students will continue to develop the confidence and character needed to thrive both academically and personally.

We are incredibly proud of the breadth and quality of this year's programme and hope that every student will take full advantage of the exciting opportunities on offer. We look forward to celebrating another fantastic Activities Week together and providing experiences that will inspire, challenge, and reward every member of our school community.

Alperton Community School is a company limited by guarantee in England and Wales. Registered number 8163458.
Registered office: Stanley Avenue, Wembley, Middlesex HA0 4JE

Participation in Activities Week 2027 is a privilege that reflects our school's high expectations for both achievement and conduct. Throughout the academic year, students' eligibility for certain Activities Week opportunities will be linked to their achievement and behaviour record.

We want every student to be able to enjoy the activity or trip of their choice, and we will support them throughout the year to achieve this. However, students who accumulate a significant number of behaviour points may be at risk of losing their place on their preferred trip or activity. This expectation is in place to encourage all students to demonstrate our school values consistently and to make positive choices both in and out of the classroom.

Students' progress will be monitored regularly throughout the year, and we will communicate with parents and carers where appropriate to ensure families are aware of their child's achievement and behaviour record. By working together, we can support every student in making positive decisions, maintaining high standards, and securing the opportunity to take full advantage of the exciting experiences Activities Week has to offer.

As places on many of our trips are limited and subject to demand, we ask that students select both a first-choice and a reserve choice. While we will make every effort to allocate students to their preferred trip, this cannot be guaranteed where demand exceeds the number of available places.

Students who do not submit their preferences by the deadline will be allocated to one of our free trips where places remain available.

Students must submit their Activities Week 2027 preferences by completing the online Google Form no later than Friday 4th December 2026.

Payment for all Activities Week trips that incur a cost must be made via **ParentPay** no later than **Friday 29 January 2027**. Trip allocations will be published after 4th December. Please note that a student's place on a trip cannot be confirmed until full payment has been received by the deadline.

Students will be able to select from the following activities:

If you are unsure if you qualify for Pupil Premium please click the link on our school website to check.

Thorpe Park – An exciting day of rides, challenges, and unforgettable experiences. Cost: £41 (Pupil Premium £28.70), including coach travel
