Dear Parent/Carer

## Re: Mathematics GCSE Revision Guides for Grades 9-1 Course

I am writing to advise you that Mathematics GCSE revision guides and workbooks can be purchased from the school at a discounted price. Revision guides and workbooks are a valuable resource as students prepare themselves for Maths tests, mock examinations and ultimately the GCSE examination. With this in mind I would like to offer a GCSE Revision Guide and a combined workbook, by Collins, at the discounted price of £3.99 per copy (RRP £10.99).

The Maths Revision and Practice range contains clear and accessible explanations of all the GCSE content, with lots of practice opportunities for each topic throughout the book.

There are clear and concise revision notes for every topic covered in the curriculum, plus seven practice opportunities to ensure the best results.

Includes:

- quick tests to check understanding
- end-of-topic practice questions
- topic review questions later in the book
- mixed practice questions at the end of the book
- free Q&A flashcards to download online
- an ebook version of the revision guide
- more topic-by-topic practice and a complete exam-style paper in the added workbook

Please ensure that payments are made through ParentPay by Sunday **2 February 2020**. Regrettably, we cannot accept any orders received after this date, as the School will only receive discount on these items when ordered all together. You will receive your book approximately two weeks after this date.

Many thanks for your support and co-operation. Please do not hesitate to contact your child's class teacher for further information in the first instance.

Yours sincerely

*L Paraskeva*

Head of Mathematics
