

20th February 2021

Dear Parents and Carers,

School will open only to vulnerable learners and children of critical workers on Monday 22nd February. For all learners, we will be online from 9:00am. Don't be late, set your alarms, we have another busy term planned.

If you are due into school and have or have been in contact with anyone displaying coronavirus symptoms, please contact school before attending.

If you are due in school and have mixed with anyone from another household, during the half-term break, we ask you to inform school, so we can advise. It is essential that we all work together to ensure the safety of our children and their families, and staff.

There is light at the end of the the tunnel.

We hope you have all had a lovely and restful break. As we move forward into Spring term 2, it brings with it a sense of positivity. We have a vaccine, which is being rolled out faster than planned. Our most vulnerable in society are receiving and many have already received the vaccine. We have access to increased testing. The sun has been shining. Case numbers are beginning to fall. We just need to continue staying at home, in the most, for a few more weeks.

In addition to this, our children have proved to be resilient learners. They have continued to access education and learn at home. We know we have you to thank for this, without your continued support and commitment to ensuring your child continues to thrive.

We are truly blessed to have such a supportive school community. We have many great plans for our pupils at St Mary's, we are unashamedly ambitious for each and everyone of them. We are committed to ensuring that every child makes outstanding academic progress, but most importantly continues growing to be: grateful, generous, compassionate, loving, honest, wise, curious and hopeful.
