

February 2021

Careers NEWSLETTER

The Winstanley School

Widening Horizons | Enabling Excellence

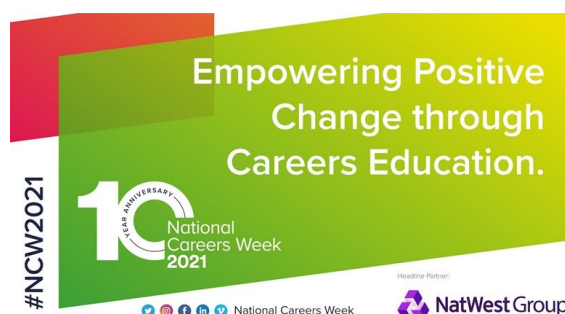

Welcome to the February Careers Newsletter

January was a busy month for many of our students. All those in year 11 should have now completed their ps16 application forms and applied for a college or 6th form place. If you have still not completed this then you will need to do it as soon as possible.

March 1st -6th is National Careers week. There will be lots of virtual activities taking place, please look out for details of these

Remember the Careers team is here for you if you need any support with applications and careers.

Our Careers Coordinator Mrs Gillespie is available for support via email or Google Meet, and then in school from 8th March.

Upcoming virtual events

National Careers week

Virtual careers fair

Available on the National Careers week website from 1st March.

Careers Case study Engineering

Beatrice
Subsea Engineer - EniProgetti

What does the role involve?

- My day to day work includes developing and modelling offshore energy fields, deciding which structures are going to be used and where they are going to be placed on the seabed. I also make sure that the design of the structures is strong enough to stop oil and gas escaping and is safe to use.
- Every day I work with a team of engineers trying to overcome problems, we share ideas and come up with solutions for all type of issues.
- Some days my job brings me to sites, where the huge structures installed on the seabed are built and I also witness the tests that are done at very high temperatures and pressures to make sure the design is safe.

Entry Routes

- Gain a degree in engineering, usually Mechanical, Aeronautical/Aerospace, Process engineering.
- Subjects suggested at A levels: Physics, Maths, Biology, Chemistry, Computing, Economics, Electronics, Environmental Science, Geography, Geology Human Biology, Statistics,

Inspiring Minds Event

1st -6th March

The School and College Liaison Team would like to invite students, parents, guardians and carers to the Parents and Guardians Inspiring Minds.

The Parents and Guardians Inspiring Minds, is a week-long virtual event which aims to provide information, advice and guidance for families who are looking to support their children and understand the journey behind researching and applying for universities as well as key decision making process and more.

This event is made up of pre-recorded and live resources that will give parents and guardians the opportunity to get as much information and be best equipped to support their children in understanding opportunities in higher education.

This event is open to all and we hope you would be able to share this with your students, their parents, guardians, carers and anyone else who may be interested.

To register:
