

# World Book Day; Make a Book Nook

Create a cosy book nook/corner for use on World Book Day and possibly beyond. Ask each child in the house to choose a location and make it a customised spot to read in. They could....

- Put cushions under a table, on the landing, in a cupboard, in the bath!
- Drape a blanket over a corner or between two pieces of furniture and kit it out with a torch

The possibilities are endless. Then decide on a noise that will be audible throughout the house e.g banging a pan or playing a certain song. Whenever the signal is heard, everyone has to drop everything they are doing and return to their book nook to read for a time.

Use one of these labels to personalise your Book Nook.
