Did you find the plot interesting?

This book is about a young boy named Cole who loves dragons and knights. His wish is to be an assistant knight for his favourite knight.

Luckily, one day his wish comes true.

He writes a letter to Sir Percival and explains why he would make a great assistant knight and he gets his wish.

Cole works hard and learns lots of new skills. He then goes on to be the hero in the story and save the kingdom.

I did enjoy this book, although I found the plot a little predictable.

There wasn't many plot twists, however, I did find the part about the knights crying unusual and was not expecting it.
