

Year 9 Options 2021

BTEC DIT

Aspire Commit Succeed

Year 9 Options | Welcome

BTEC Tech Awards focus on building skills which will give you the confidence to progress in whatever path you choose.

The BTEC Tech Award is a practical introduction to life and work in the Digital Information Technology sector, so you can develop your understanding of the sector and see whether it's an industry you would like to be in.

As they're designed to be taken alongside GCSEs, with a BTEC Tech Award you would have the opportunity to apply academic knowledge to everyday and work contexts, giving you a great starting point for academic or vocational study post-16, as well as preparing you for future employment.

Entry Requirements: 4+ ICT

Year 9 Options | Course content

Pearson BTEC Level 1/Level 2 Tech Award in Digital Information Technology				
Component number	Component title	GLH	Level	How assessed
1	Exploring User Interface Design Principles and Project Planning Techniques	36	1/2	Internal
2	Collecting, Presenting and Interpreting Data	36	1/2	Internal
3	Effective Digital Working Practices	48	1/2	External Synoptic

Year 9 Options | Assessment

The course is made up of three components: two that are internally assessed and one that's externally assessed.

Our three-block structure, explore, develop and apply, has been developed to allow you to build on and embed your knowledge. This allows you to grow in confidence and then put into practice what you have learned.

Our assessment structure is also designed so that you can build on what you learn, and develop your skills, as you move through the course.
