

Is Ignorance Bliss?

The true meaning of life ~~is~~ this  
Thoughts and memories just to reminisce that discuss  
Are light and dark opposed  
The meaning of their existence enclosed  
Love and hate juxtaposed;  
or are emotions just misdiagnosed.

Eventually we all have to disappear  
Mountains of Molag, but their faces sheer  
So we live on year by year,  
Fighting fear when it becomes too severe  
~~Trying not to disappear here.~~  
~~Our~~ <sup>Our</sup> goals can become unclear; then reappear  
~~Trying not to disappear~~

Differences in moral values  
Felling faith in trust; truly can you?  
So many have fought for freedom  
Can everyone surely needs some  
But, how far actually have we come.  
The one true power is an illusionist  
Those we say we hate is there a conclusive to  
The truth covered with a misleading trust  
Those trying to dismiss the crisis hanging over  
an abyss.  
Have we ever warned of this.  
Did humanity ~~is~~ completely miss.  
Would ignorance ~~is~~ and in bliss?
