Dear parent

In partnership with the school, North Tyneside Council Adult Learning Alliance are offering parents the opportunity to gain an insight into key aspects of what their children will come across during their English and Maths lessons.

For example, for English you will look how you can help and encourage your child to read. There will also be some suggestions of the different sorts of things they should be reading.

In the case of Maths you will have the opportunity to have a look at My Maths, a web based resource which provides children with access to lessons, homework and interactive games from home. There will also be discussions on how to approach problem solving questions which are an important part of the Maths curriculum and the different methods used when adding/multiplying etc.

Sessions have been arranged at the following times and venues and you are welcome to come along to the most convenient.

1st October Churchill Pavilion 5:30 – 7:00
3rd October Howdon Community Centre 9:30 – 11:00
3rd October Howdon Community Centre 4:30 – 6:00
8th October White Swan Centre 5:30 – 7:00

If you have any questions, please feel free to contact me.
