Syuzanna Kaszó (Ukraine)

A prizewinning postgraduate student of the Royal Northern College of Music, Syuzanna will start our series of concerts and recitals at Saint George's. She was raised in a Hungarian musical environment in the transcarpathian region of the Ukraine, and achieved many distinctions as a student at the national music academy of the Ukraine. A prizewinner in a number of international competitions, Syuzanna has performed regularly throughout the North West and North East. She has also appeared on leading London platforms such as the Wigmore Hall and in the Purcell Room.

The programme will include music by Bach, Beethoven and Chopin.

It will be a great honour to welcome Syuzanna to Saint George's, and it is hoped that lovers of fine music and musicians will support this event.
