School Improvement Service

**Could you create a dance based on the 2020 theme?**

*On Friday 3rd April we hope to celebrate some of your work. You could share this with your family in your home. We hope some of you may be confident enough to share your dance moves with us @northtynesidepe*

For some schools the North Tyneside Dance Festival was supposed to happen week. We think that we can still celebrate some dance, just a little differently!

Can you create a dance around icons or something iconic?

Were you supposed to be involved this week/ already been involved/ would you like to give it a try?

Can you remember any of the dance you created at school, could you create a new dance?

To start, how about looking at some ideas first.....

1) **Iconic**, originally referred to a religious icon, an image or portrait but the words have changed over recent times, the words have evolved.

2) Have a discussion with someone around the words “**icon**” or “**iconic**”. What do these words mean to you? Write down some ideas.

*Lets Dance!*

*Remember... smile, be creative and stay safe*
