

XP.

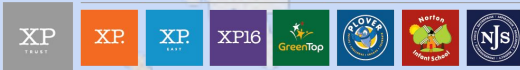

This Week's praises...

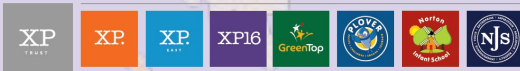

Careers - I would like to appreciate the students who have been proactive by applying for more than one College and actively asking questions to help them develop independence and initiative. KBU

**Coen - Well done for listening to advice regarding your data and working on your Spanish during D6. AND on attending extended study on Thursday to complete science! Great work - keep it up!
Miss Cocliff**

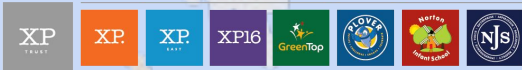

Mackenzie - After having doubts about BTEC, you worked so hard last week and managed to complete your assignment. You showed great resilience. - DCU

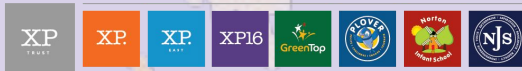

Holly, your positive change in attitude has really shone this week- keep it up and know that I get on at you as you are capable of amazing things!

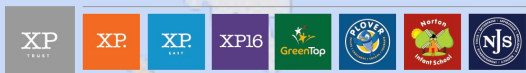

Miss Johnson

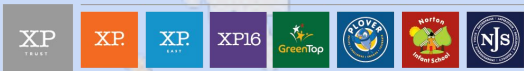

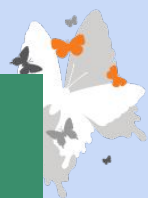

HUGE BIG appreciation to Alyssa for being prepared to create a mindmap for Y10 to help answer their Guiding Question....I might have a go myself, though, due to time constraints Alyssa (Mr Pearson)

Massive well done to all 16 C24 students who attended D6 on a Staff day weekend. Lovely to see new faces (Kyle especially). Lots more engagement with Student Coaches this week too. This shows how you are getting smart and being leaders of your own learning.

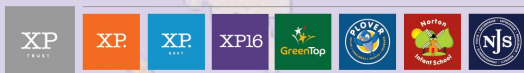

E24 GCSE Spanish - BIG appreciation to the group for their consistently positive HOWLS on Weds morning and Thursday morning....and for similar positive feedback on progress and engagement with GCSE practice tasks done with Mrs Collinson - bravo!

Pioneer- proper cracked on this last week. The change in seating plan has massively benefitted and I want to appreciate you for taking this on and settling back down!

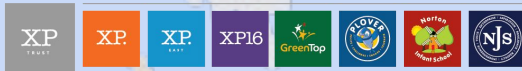

Miss Johnson

All NJO's Y11 English groups-
massive appreciation to you all for
taking on board the Lit grades and
knuckling down to improve them.

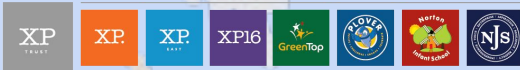

Simple mistakes which can be
rectified- we've got this!

Miss Johnson

Careers - I would like to appreciate Corey who booked a careers meeting for D6 on Saturday and went away with 3 more courses to apply for.

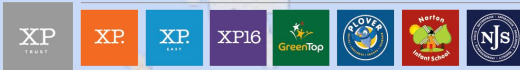

Well done Corey for really thinking about how to get the grades you need to do the course you really want, instead of the original plan to change course to fit in with your grades.

To all C24 crews for producing such wonderful pledges. Miss Cocliff and I have read through them all and are really inspired by your commitment to improve.

Big thanks to your Crew Leaders for their comments, too.

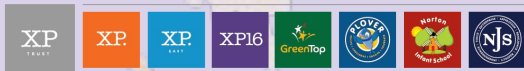

Mrs P :)

Milla, Henry, Alfie, Aaisha,
Sam, Bella, Coen and Kate -
Excellent work in Spanish this
week!

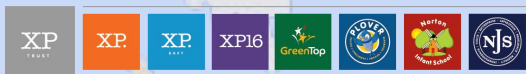

¡Buen trabajo!

Mrs Sprakes & Mrs Collinson

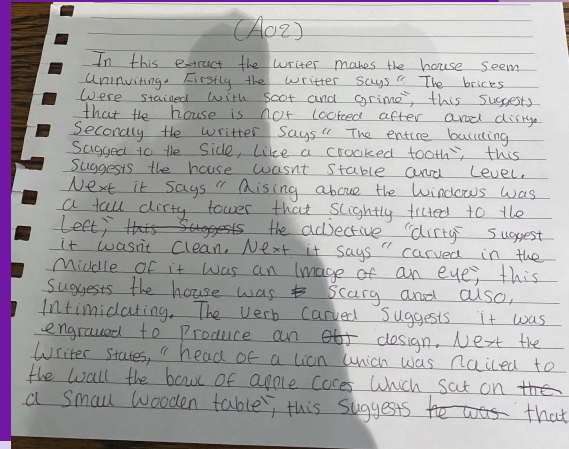

To Ricki for being a total gentleman last week when I had no voice in our double and offering to get the rest of the class to wear a mask and offering to hand out resources. I don't think you know how kind that was or how much I appreciated it!

Mrs Desborough

To Jaggy for asking for extra work this weekend and completing it. You have shown you are listening and improving your exam technique. I am really proud of you. You made my weekend!

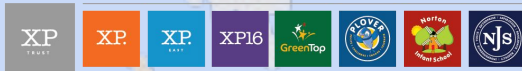

- Mrs Desborough

To Jack and Ashley,

**For completing their individual SLC's
yesterday after school. Talking about
their mock grades and future study
revision plans ready for the GCSE
exams in May. Well done!**

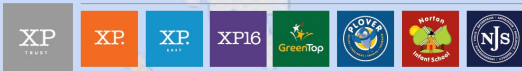

Mrs Mawby

To Crew Mandela,

For getting on board with my little crew review yesterday and offering some great suggestions for how we can get the most out of crew in the 13 weeks we have left.

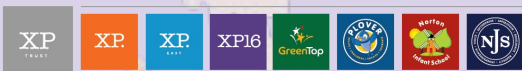

Mrs Desborough

To Milla,

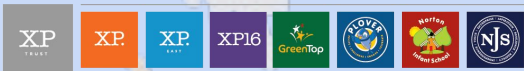

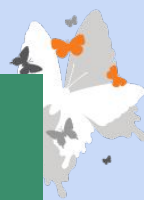

For Working Hard in art precision task. Getting on with your art portfolio and your determination to push your grade up. Keep this up!

Mrs Mawby

**Vinnie, Eleanor, Summer and Thomas
for being wonderful human beings,
keep working hard over the next few
months - really proud of you all**

Miss Hickson

To All of Explorer and Admiral for being so good when I was off with Covid and for being so patient when Scarlett popped in to lessons. She is still talking about all the big boys and big girls. :)

Mrs Desborough
