

A long wooden pier extends from the foreground into the ocean under a sunset sky. The pier has a wooden railing and leads the eye towards the horizon. In the background, there are some buildings and a lighthouse on the left, and the ocean waves on the right.

What is Careers?

It's about young people finding purpose, discovering what matters to them, their place in the world, the point of studying and getting up in the morning. Sometimes people think careers is just information about options and planning for the future. It's so much more. It can give hope, meaning, purpose, self esteem and the ability to navigate the challenges of life.

Why Now?

Coming up in year 10
