

PUPIL PROFILE

All Saints
Catholic Primary School, Anfield

Pupils in All Saints Catholic Primary School are growing to be ...

Grateful for their own gifts, for the gifts of others, the gifts of God and for the blessings of each day. Working within the wider school community, regularly engaging and **communicating** with other schools in the UK and across the world.

Compassionate towards others, near and far, helping other organisations such as charities or community groups, becoming active in their engagement within the world, changing it for the better, therefore understanding the importance of service for the common good.

Independent, thanks to a growing maturity towards learning, becoming an interested and fluent reader, an expressive and **creative** writer, and has a **curiosity** for the natural world, for science, technology and mathematics.

Creative, showing a love of the arts, having performed on several occasions confidently, whether it be in music, dance or drama. Demonstrating **resilience** and **perseverance**, through PE or representing the school as a collaborative team player in sport or other outdoor pursuits

As a result, they will leave **kind**, **considerate** and **communicative**, with a **respect** for the natural environment and the people in it.

An All Saints pupil is very well-equipped for the next stage of rest of the learning journey that lies ahead.
