

Kenya Teacher Inspection Visit Itinerary

22nd to 29th October 2023

Day 1 **Arrival and Camp Tsavo**

On arrival at Mombasa Airport, we will be met by our local staff for our transfer to Camp Tsavo. Once we've settled into camp, we'll enjoy a camp orientation followed by some project work. Later in the day we'll have a presentation from our Kenya staff before enjoying a relaxing evening together.

Day 2 **Camp Tsavo**

Camp Tsavo is our flagship camp in Africa and its location, close to Tsavo East National Park, means it is a great base for our ongoing conservation and environmental projects. We will take part in a day hike in the Marungu Hills, where we'll enjoy spectacular views over the Rukinga ranch, visit ancient caves and learn some bush survival skills. In the evening, we will have an evening game drive where we could see any of the 'big five' plus lots of other animals including zebra, giraffe and baboons whilst watching the sunset overlooking the National Park. Then we'll head back to the camp for dinner and a campfire.

Day 3 **Camp Tsavo**

Today we will visit a local primary school for project orientation and return to camp for lunch. This afternoon we will visit Voi Hospital and a local Masai village before returning to camp for dinner and Swahili lessons!

Day 4 **Camp Muhaka**

After breakfast we will transfer to Camp Muhaka, one of our most established camps, where we'll be fully immersed in the local community. After settling in we will visit the local village and primary school before returning to camp for a Trek briefing. In the evening, we'll get to participate in a cultural dance.

Day 5 **Camp Muhaka**

This morning we will be exploring the Kaya Forest Trail which will involve cultural activities such as makuti weaving. After lunch, we will transfer to Diani, where we will have chance to see the local hospital and visit the local shops. After dinner this evening we will have some training around the role of the teacher and leader on expedition.

Day 6 **Camp Muhaka**

Today we will transfer to Ocean Camp where we will have a 'Reefolution' orientation, pool check and Scuba briefing. After lunch back at Camp Muhaka, we will have the opportunity to visit Diani beach this afternoon to swim and relax.

Day 7 **Departure**

We will have an early transfer to Mombasa airport at 12am for our early morning flight to Nairobi and onward flight back to the UK.

Please note that due to the nature of expeditions all itineraries may be subject to change.

A typical day in camp

Each day of your expedition will bring new adventures, and there's no average day with Camps! But here's a taste of what life in camp is like.

7am – Time for breakfast

You'll wake up early in time for a delicious meal cooked by our local chefs which will prepare you for your action-packed day ahead.

8am – Head to project site

Lace up your boots and head off to the project site. You'll be staying right within the heart of the community so it's just a short trip over to projects – often accompanied by the children of the village who love to join in with our volunteers.

9am-12pm – Project work

You'll spend your morning getting stuck into important project work with the help of one of our awesome local project leaders.

12pm-2pm – A well-deserved afternoon break

After all your hard work at the project site, you'll have a couple of hours free to have some lunch and write in your travel journal or just chill out and relax at camp.

2pm-5pm – Back to projects

You'll head back to your project site for the afternoon, maybe swapping tasks with some other members of your team to work on a different part of the project.

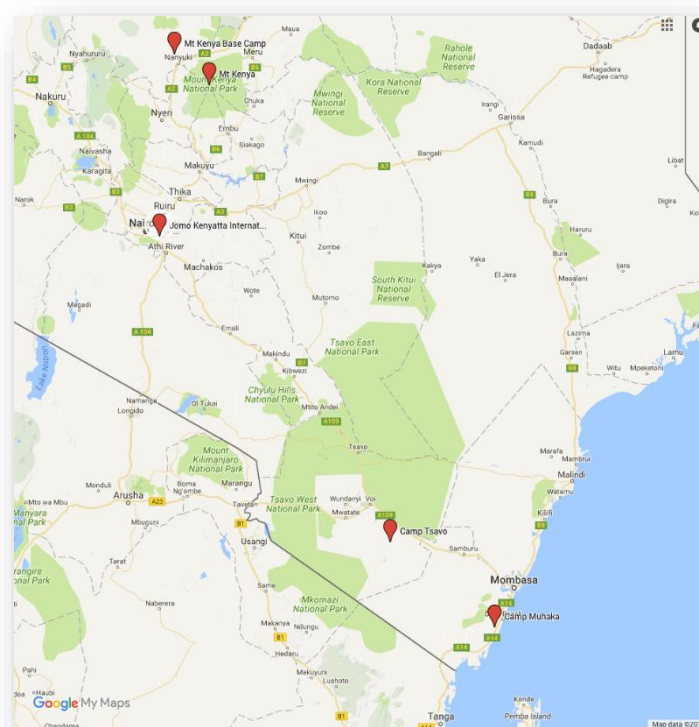

6pm – Dinner at camp

Kick off your boots and take a nice refreshing shower before tucking into a tasty dinner prepared by our Camps cooks. This could be a traditional dish from the local area or sometimes a familiar meal from home.

9pm – Time for bed

After a long day, you'll tuck yourself into bed and fall asleep to the peaceful sounds of camp.

Map of key locations

Transfer times: (Please note all transfer times are approximate)

Nairobi → Camp Tsavo	7 hours
Camp Tsavo → Diani Beach	6 hours
Camp Tsavo → Camp Muhaka	6 hours
