

9th December 2025

Dear Parents and Carers,

I hope this message finds you well. As we move into this crucial stage of Year 11, we would like to warmly invite you to our **GCSE Revision and Preparation Evening on Thursday 15th January 2026 between 5.30 and 6.30pm**. This event is designed to support you and your child as we head into the final months before the summer examinations.

This evening is always extremely valuable, and we strongly encourage all families to attend. The support students receive at home, combined with the guidance they receive in school, makes a significant difference to their confidence, organisation, and final outcomes. By joining us, you will gain a clear picture of what lies ahead and how best to help your child navigate the challenges of the GCSE period.

During the session, we will cover:

- A detailed timeline of the months leading up to the GCSE exams, including key points of focus and what students should expect.
- NEA and coursework deadlines, subject by subject, so you can stay fully informed.
- In-school intervention and support, outlining what is available during the school day to help students make maximum progress in core subjects.
- After-school revision sessions, including timetables, subjects offered, and how these sessions can help close any remaining gaps.
- Practical advice for parents and carers, offering strategies to support wellbeing, manage workload, and help your child stay organised and motivated through what can be a complex and demanding period.

Students will continue to be taught effective revision strategies within school via our tutorial programme and within each subject.

We truly believe this evening will give you the clarity, reassurance, and practical tools needed to support your child effectively in these final crucial months. Your involvement makes a real difference, and we are very much looking forward to working together to ensure every student feels prepared, confident, and supported.

Thank you in advance for prioritising this important event. We look forward to seeing you on **Thursday 15th January 2026**.

Warm regards,

Rob Mitchell
