Christmas Performances

We are really pleased to be able to let you know about our Christmas performances for this year.

We want to ensure that this is a fantastic experience for all our families and the children. With this in mind we are keeping the number of seats at 65 for each performance. There will be 3 performances for the KS1 Nativity and 3 performances for early years so that we can ensure that each child taking part can have two tickets for their family to be able to come and see them perform. Please watch out for the letters coming out in the next few of weeks so you can book your tickets, these will be issued on a first come first served basis for each performance.

Christmas Fayre

After the success of our Summer Fayre earlier in the year we are pleased to announce the date for our Christmas Fayre this term.

The Christmas Fayre will be taking place at Kingfisher Primary on Wednesday 26th November from 3.00pm to 4.00pm. All the stalls and events will take place outside on the school grounds (weather dependent if not they will be inside)...so please wrap up!!

All children in school will be spending time leading up to the Christmas Fayre making Christmas gifts and items to sell. We hope you will be able to join us on that afternoon to enjoy the different stalls and see what the children have spent their time making in school.

All money raised will go into the fundraising pot and will be used to provide resources for the children and subsidise visits and experiences.

Online Safety

Online safety is a critical aspect of modern education, and I want to take a moment to discuss our ongoing efforts to ensure our pupils stay safe while using information and communication technology (ICT).

In today's digital world, understanding how to navigate online spaces safely is as important as learning traditional academic skills. We are committed to equipping our pupils with the knowledge and tools they need to protect themselves in digital environments. Our approach goes beyond simply restricting access; we focus on education, awareness, and developing responsible digital citizenship. Our pupils are learning crucial skills about online safety, including how to recognise potential risks, protect their personal information, and understand the importance of kind and respectful online communication.
