

## PARENT

I am a parent of 2 scholars in KS3.

I am passionate about supporting the school community and working collaboratively with staff, parents and scholars to help improve opportunities and outcomes for all learners.

I was one of the initial CAG members and joined to contribute positively to the school community and to ensure that parent's voices are heard.

I wanted to be involved in discussions that support scholar wellbeing, academic progress and strong communication.

I would encourage parents to join CAG as it provides a valuable opportunity to have your voices heard and contribute to positive change within the school. It is a supportive space where parents can share ideas, raise concerns and work together to improve the overall experience for scholars.
