

PARENT

My child is currently in KS3.

My name is Nasra and I am a mum with a child in the Secondary Phase.

I work in the NHS as a nurse, and I enjoy my job helping people. My job has taught about the importance of working together to deliver quality services.

I joined CAG as I want to work with teachers and other parents to make our school outstanding for my child and all other children who attend AAS.

I have only been a member of CAG for a short while but I hope to continue to get involved in future meetings and events that take place.
