

Astrea Christmas Card Competition 2025

- Design a card to be printed for use by Astrea Academy Trust
- Open to students in years 7 to 13
- Your design must fit on a **Square shaped** card
- Media to use - pen, paint, pencil, stitch - up to you. It could also be created digitally
- Content: The design should include **traditional Christmas themed designs** – trees, baubles, snowflakes, puddings, robins, snowmen etc
- A design is only required for the front area of the card
- The winning entrant will receive a pack of professionally printed cards for their portfolio and/or to send to friends and family.
- The winning entrant and school name will also be credited on the back of the card.
- Deadline to hand in to your art teacher is **Monday 24th November**. Remember to include your name and year group

- If your drawing or painting skills are good, show them off – make a beautiful drawing in pen or pencil or a watercolour painting

- You can still be creative if your drawing and painting skills are not your strength – collage or stitch can be just as impressive
- Take inspiration from what's out there already....

Could you make this
idea relate to Astrea
Academy Trust?

The card will be square shaped so a wreath would fit

Which words might you use to create a Christmas tree of words?

Could you combine different Christmas subject matter into a single image?

When adding text make
sure the letters are
evenly spaced and the
same size

For reference,
this was last
year's design
