

### Maths:

In maths we are looking at money: recognising coins and notes, giving change, making amounts in different ways. We will also be learning about shape, patterns and lines. We will continue to look at 5 times tables and recap previous learning.

### Art—Landscape and Symmetry

We will be looking at landscape and seascape art. We will also be learning about symmetry using art in nature.

### PE

Yoga and Sending and Receiving

### Computing

Presenting ideas

We will keep you updated with events via the app and ClassDojo

### English:

This half term we will be looking at 'Toys in Space' and 'The Owl and the Pussy Cat.' We will be focussing on different sentence types, using a variety of conjunctions, prepositions, modal verbs, spellings and more. These will be used to write a fantasy story and a poem.

## Class 2ML and 2B

# Year 2

### Useful Information:

PE days are **Tuesday and Thursday**  
Please bring your book bag **EVERY DAY.**  
**Remember to do your 4 reads!**

If you have any expertise, skills or special interests that you feel could benefit from, please get in touch :)

### Science—Plants

We will be learning about plants in our local area, seeds and bulbs and where food comes from. We will also be carrying out an experiment around healthy and unhealthy plants.

### History —The Tudors

In History we will be looking at King Henry VIII and his wives. We will be learning about the English reformation, Golden Age and what life was like in the Tudor period.

### Music—

Inventing a musical story, How does music teach us about our neighbourhood?

### PHSCE—Staying safe

Being responsible, feelings & emotions and computer safety

### RE—

Why does Easter matter to Christians?
